Đơn vị tính: VND

Target	Quarter 4/2024	Quarter 4/2023	Increase/decrease (%)
Profit after tax	669.988.689	-557.369.092	224 %

Cause: The company still faces many difficulties due to product structure changes, so production and business activities have declined sharply. Revenue is still decreasing so it is not enough to cover costs even though the Board of Directors has tried to maximize cost savings. In addition, book publishing costs, office rental costs, warehouse rental costs and other costs mostly increased, causing profits to decrease sharply.
