### **III. Shareholder Comments**

The Shareholders agreed with the contents of the report and had no comments.

Mr. Dang Vu Hung spoke and gave directions for future business and investment development plans:

Mr. Dang Vu Hung welcomed the presence of shareholders.

In 2024, the Company achieved a total revenue of 1,242.54 billion VND, after-tax profit of 29.51 billion VND, an increase of 328% compared to the Resolution of the 2024 Shareholders' Meeting, which is a great effort of all employees of the Company. Mr. Dang Vu Hung expects that DMNT will continue to promote what has been done, along with the support from PPJ Group in directing, operating, and restructuring to develop the supply chain of yarn - dyeing - sewing - infrastructure of DMNT's industrial cluster.

Implement production management, apply ERP digital management system to production to optimize standards, material consumption... to improve product quality, 100% of produced yarn will be consumed without leaving inventory. Continue to promote in-depth investment in the yarn industry to contribute to the overall operational efficiency of the entire Company. DMNT's industrial cluster with 26 hectares, maximizing existing infrastructure, warehouse system, building new factories for rent, providing industrial meals, electricity, water... for businesses operating in the cluster to be stable and assured in production.

During the year, the Company grew by more than 40% due to the large contribution of the garment industry, customers from Canada, Europe... with the US tax policy will not affect the operation of the garment industry much.

In the short term, DMNT still has financial difficulties, the Company's loan interest rates at banks are still quite high, and financial indicators have not improved. The Debt/Equity ratio is 5.58 times. Mr. Dang Vu Hung sets a goal of reducing this ratio to 4 times by the end of 2025.

It is expected to issue about 5 million more shares to ensure capital for the Company's production and business activities, while the Bank is tightening credit limits.

With drastic solutions, we hope that the Company will have good profits in 2025 to ensure the rights of the Company's shareholders.

We hope that shareholders will always trust and continue to accompany the Board of Directors and the Board of Management of the Company to develop and create a new position for Nha Trang Textile & Garment.
