II. RESULTS OF MONITORING THE OPERATION AND FINANCIAL SITUATION IN 2024:

1. Supervision of production and business activities in 2024:

The results of production and business activities in 2024 have been fully and clearly and honestly expressed in the Report on the results of production and business activities of the Director,

The implementation of the planned targets in 2024 according to the Resolution of the General Meeting of Shareholders:

Unit: 1,000 VND

TT	Quota	YEAR 2024	Implementation in 2024	Ratio of %TH/KH 12 months 2024

3	Transportation service provision activities			
3.1	Turnover	128.813.905	107.625.582	84%
3.2	Cost of transport services	130.674.329	127.528.864	98%
4	Gross Profit	(1.860.424)	(19.903.282)	1070%
5	Financial performance	(17.364.127)	(26.602.244)	153%
5.1	Revenue from financial activities		9.675.799	
5.2	Financial Costs	17.364.127	36.278.043	209%
6	Business management expenses	4.431.107	3.912.734	88%
7	Other income		438.106	
8	Other expenses		167.610	
9	Total profit before tax	(23.655.658)	(50.147.764)	212%

The Company's business situation in 2024 is a loss of VND 50.1 billion and the accumulated loss as of December 31, 2024 is VND 212.3 billion (exceeding charter capital), due to geopolitical complications, the source of goods has greatly affected the asphalt market. The company's fleet has enough cargo to run but is not profitable because the freight rate is not optimal and the weather conditions in the area are very harsh, affecting the plan continuously. In the 4th quarter of 2024, the company has carried the first flights from, China. This route is close, but the waiting time at the port of picking up goods is very long. So it is almost ineffective. In the South, the company only has the source of goods from Thailand to Vietnam of Petrolimex asphalt company, but this source of goods has also been significantly cut during this period, currently, the company only carries 1-2 flights/month.

Average fuel prices for the year remain high due to the impact of the Russia-Ukraine war

In general, the market in 2024 is very unfavorable for the company for the following objective reasons:

- Fuel prices: The Russia-Ukraine war has pushed fuel prices to the highest level in more than a decade, the price is equivalent to the price as planned, but ships have to run long routes, which is unfavorable, so fuel costs are higher than expected.
- Port fees and related costs: In 2024, the costs related to port fees will also increase significantly due to safety requirements, and also directly affect the waiting time at ports of arrival, especially in Maoming, China, and Thai ports.
- Repair and maintenance costs increase because the ships are over 10 years old, and the equipment has entered a stage where it must be repaired and replaced a lot. During the year, the Company carried out major repairs to the dock of the VP2

- Exchange rate fluctuations: During the reporting period, the USD exchange rate fluctuated sharply, greatly affecting the company's business performance in the period.

2. Results of appraisal of financial statements in 2024:

- The financial statements for 2024 include the Balance Sheet, the Report on Production and Business Results, the Cash Flow Statement and the Explanation of the Financial Statements that have been prepared by the Company in accordance with the current Vietnamese accounting standards and regimes.

- The system of accounting vouchers and accounting books shall be prepared, recorded and archived in accordance with regulations.

- In 2024, the Board of Directors has unanimously selected An Viet Auditing Co., Ltd. as the unit that has been approved by the State Securities Commission to audit listed companies to review and audit financial statements for the fiscal year 2024. The financial statements in 2024 are audited by An Viet Auditing Co., Ltd.

- Auditor's opinion on the Company's 2024 Financial Statements "The Financial Statements have honestly and reasonably reflected, on material aspects, the Company's financial position as at December 31, 2024, as well as the results of business operations and cash flows for the fiscal year ended on the same date, in accordance with accounting standards, the accounting regime of Vietnamese enterprises and legal regulations related to the preparation and presentation of financial statements".

- Reporting and disclosing information periodically and at the request of the SSC; The Vietnam Securities Depository and the Ho Chi Minh City Stock Exchange are implemented in accordance with the regulations of a listed company.

The results of the appraisal of the Company's 2024 financial settlement report are reflected in the general financial indicators as follows:

- Total revenue: 117.74 billion VND

Management's Responsibility

Management is responsible for the preparation and fair presentation of the Company's financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese enterprise Accounting System and the relevant statutory requirements applicable to financial reporting, and for such internal control as management determines is necessary to enable the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical requirements and standards of professional conduct, plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the financial statements.
