2	Mr. Nguyen Quoc Anh (Resigned as Chairman of the BOD from 22/04/2025 - end of term)	Chairman	19/04/2022	22/04/2025
3	Mr. Pham Thanh Tung	Member	09/06/2020	
4	Mr. Tran Dai Nghia	Member	12/04/2023	
5	Mr. Bui Son Hai	Member	26/04/2018	
6	Ms. Nguyen Thi Thuy Duong	Member	09/06/2020	

2. Meetings of the Board of Directors:

No.	BOD Member	Number of BOD Meetings Attended (In-Person)	Attendance Rate	Reason for Not Attending
1	Mr. Khuc Ngoc Giang	-	-	Newly Appointed
2	Mr. Nguyen Quoc Anh	3/3	100%	
3	Mr. Pham Thanh Tung	3/3	100%	
4	Mr. Tran Dai Nghia	3/3	100%	
5	Mr. Bui Son Hai	3/3	100%	
6	Mrs. Nguyen Thi Thuy Duong	3/3	100%	

3. Supervisory Activities of the Board of Directors over the Executive Board:

In the first half of 2025, the Company focused its resources on implementing the business plan according to the established objectives, ensuring timely supply of fertilizers in sufficient quantity and quality to meet the agricultural production needs of farmers, aiming for the highest possible results.

The Company's business operations continued to be affected by various complex domestic and global factors such as war, climate change, and scarcity of raw materials used in fertilizer production (e.g., shortage of apatite ore and declining nutrient content in the ore). Additionally, prices of key production materials (such as sulfur, urea, potassium, SA, etc.) surged, creating significant challenges in production management. This was further intensified by fierce and intense competition from similar domestically produced and imported fertilizer products.

To address these challenges and seize market opportunities, the Company implemented new and effective business strategies. It conducted strong promotional campaigns to introduce and advertise its reputable, high-quality fertilizer products, including incentive programs with valuable rewards (such as gold-plated three-palm-leaf badges, etc.). The Company launched new fertilizer product lines such as Neutral Superphosphate (Supe lan*M1; Microbial Superphosphate P18) and NPK fertilizers supplemented with 100% Potassium Sulphate (K_2SO_4), which enhance metabolism, improve plant resistance to pests, drought, and cold, increase crop yields, and improve soil health. Through these effective solutions, the Company has been leveraging its existing strengths while overcoming difficulties to timely respond to market demands and trends, further promoting production and business activities to ensure the highest efficiency.

Recognizing this situation, the Board of Directors and the Executive Board determined that this period poses both opportunities and challenges for business management. The Company has adopted a proactive and flexible approach in managing its operations, closely monitoring actual conditions, and implementing comprehensive governance solutions. Special attention was given to maintaining a reasonable inventory level to consistently deliver high-quality new products to the market. The Company also gained support from suppliers to ensure optimal production and business performance, specifically as follows:

a. Business Performance in the First Half of 2025

- Industrial production value at current prices: VND 2,335 billion, reaching 61% of the annual plan, an increase of 24% compared to the same period last year.
- Revenue from sales and service provision: VND 2,780 billion, achieving 78% of the annual plan, up 31% year-over-year.

- Amount paid to the State budget: VND 28 billion, equivalent to 44% of the annual plan, a decrease of 46% compared to the same period last year.

- Pre-tax profit: VND 155 billion, reaching 76% of the annual plan, up 3% year-over-year.

b. Maintenance and Capital Construction Investment Activities

In the first half of 2025, the Company's capital construction investment activities mainly focused on the construction of ongoing projects carried over from 2024. These included organizing acceptance testing, handover, and commissioning of several projects, as well as conducting investment preparation and initiating investment steps for certain projects in the 2025 investment plan approved by the Group. Specifically:

- Projects carried over from 2024: Project on investment in construction of SOP production line with a capacity of 20,000 tons/year; Project on construction of sales and product display area; Project on renovation of the circulation reservoir; Project on investment in procurement of gas storage tanks.

- Projects undergoing investment preparation: A2 exhaust gas treatment project – Acid Enterprise; Project on treatment of production wastewater to meet Column B standards; Project on investment in construction of aluminum sulfate (PAC) production line with a capacity of 10,000 tons/year; Project on renovation of sulfur furnace, boiler A1 – Acid Enterprise; Project on construction of the Company Office Building; Project on construction of the Canteen.

- Capital construction investment value in 2025 reached: VND 49,227 million (equivalent to 38% of the annual plan), including:

- + Construction value: VND 21,465 million

- + Equipment value: VND 19,834 million

- + Other value: VND 7,928 million

c. Results of Performing Other Key Tasks

- Successfully implemented sales activities, introduced flexible policies and mechanisms, and provided customer care tailored to specific periods and business conditions, which received consensus from distributors; organized promotional programs, especially the scratch-and-win program when purchasing Lam Thao fertilizer products (Organic-mineral, Organic-mineral microbiological, Microbiological superphosphate, High-content NPK, Microbiological NPK).

- Coordinated, arranged, and allocated labor reasonably to meet production and business requirements.

- Effectively organized asset management and protection; ensured occupational safety, industrial hygiene, and fire and explosion prevention; safeguarded warehouses,

equipment, and products; ensured food hygiene and safety at units.

- Successfully managed costs, debt recovery, and ensured cash flow for the Company's production and business operations.

- Purchased and stockpiled raw materials at reasonable prices, reduced costs, and contributed to improving the Company's production and business efficiency.

These achievements resulted from the continuous efforts of the Company's leadership and all officers and employees, through strong determination, unity, and the full use of collective and individual capabilities and intelligence, helping the Company overcome difficulties and achieve commendable results in production and business.

The Board of Directors consistently paid close attention and provided guidance to the Executive Board to maintain and create favorable conditions for social activities, improve working conditions, and enhance both the material and spiritual life of employees. The Company focused on healthcare and improving working and living conditions for employees so that they remain loyal and committed to the Company: the average income reached over VND 17.35 million/person/month, equivalent to 136% of the annual plan and an increase of 19% compared to the same period last year. Efforts were made to improve healthcare quality for staff and workers, including periodic and in-depth health examinations for employees to ensure quality. Health insurance was purchased for 100% of employees working at the Company. Additionally, employees were provided with nutritious beverages such as bird's nest drinks and cordyceps to support health and restore labor capacity, along with in-kind gifts during holidays and festivals.

The Board of Directors consistently fulfilled social welfare responsibilities, continued to support and facilitate the Executive Board in directing and coordinating with departments and units to participate in community support programs, showing care and sharing through visits and gift-giving on holidays and special occasions.

d. Main Reasons for Achieving Business Results in the First Half of 2025

- At the beginning of 2025, the Company launched a new line of fertilizer products: Neutral Superphosphate (Supe lan*M1; Microbial Superphosphate P18), and NPK fertilizers supplemented with 100% Potassium Sulphate (K_2SO_4) to enhance metabolism, help plants resist pests, drought, and cold, improve crop yields, and promote soil health.

- By applying various management solutions, the Company actively and flexibly managed all stages from production and consumption to inventory, ensuring the highest business efficiency, in combination with flexible sales policies tailored to each specific period. The Company always received consensus and support from distributors; it also optimized stages in the production process to enhance business efficiency.

- Successfully carried out debt collection, ensuring effective cash flow for the

Company's production and business activities.

- Procured materials and raw materials at competitive prices, especially by organizing bulk purchases directly from manufacturers..

- All officers and employees of the Company showed unity, consensus, and strong determination to effectively implement the solutions oriented and directed by the Company's leadership.

f. Factors Affecting the Company's Operations in the Coming Period

The shortage of Apatite ore for Superphosphate production has placed significant pressure on the Company's business operations, forcing the Company to reduce the load on production lines. This has led to increased costs and negatively impacted production and business efficiency.

China's restrictions on fertilizer exports to prioritize domestic demand have tightened the global supply of urea, DAP, MAP, NP, etc., further affecting fertilizer production due to rising natural gas costs.

The Company will adapt to domestic and global developments to implement appropriate solutions and offer products that meet market demands.

4. Activities of the Subcommittees under the Board of Directors

In the first half of 2025, the Company Secretariat consistently performed well in advising and assisting the Board of Directors in receiving and processing documents, materials, and information; facilitating communication and resolution of matters between the Board of Directors and the Executive Board, between the Board of Directors and the Supervisory Board, and among individuals, departments, and relevant functional units... ensuring timely and quality fulfillment of assigned tasks.

The Secretariat prepared all contents, programs, and documents for the 2025 Annual General Meeting of Shareholders fully, accurately, and promptly in accordance with the Company's leadership directives and in compliance with legal regulations and the Company's Charter.

As the coordinating hub with departments and functional divisions in the Company, the Secretariat collaborated to fulfill assigned tasks, developed programs and plans for organizing BOD meetings as directed by the Chairman, ensuring alignment with the actual needs of each meeting and promptly addressing outstanding or newly arising issues of the Company.

The Secretariat also closely coordinated with the Company's Information Disclosure Officer to effectively carry out information disclosure as required by law, and contributed effectively to the preparation of governance reports and other reports in accordance with

regulations.

5. Resolutions/Decisions of the Board of Directors

No.	Resolution/ Decision Number	Date	Content	Approval Rate
1	01/QĐ-SPLT (*)	08/01/2025	Approved the contractor selection result for the package: "Construction of Sales and Product Introduction Area".	100%
2	02 02/QĐ- SPLT (*)	10/01/2025	Acceptance and handover of the project "Renovation of the gas treatment system of Acid Line No. 1 – Acid Enterprise".	100%

3	Mr. Le Vinh Quang <i>(Elected as Member of the Supervisory Board from April 22, 2025)</i>	Supervisory Officer	22/04/2025	Engineer in Technical Cybernetics, Master of Economic Management
4	Mr. Nguyen Van Tho <i>(No longer Member of the Supervisory Board from April 22, 2025)</i>	Supervisory Officer	24/04/2013 22/04/2025	Mechanical Engineer, Inorganic Chemistry Engineer

2. Meetings of the Supervisory Board

No.	Member of the Supervisory Board	Number of meetings attended	Attendance rate	Voting rate	Reason for not attending
1	Mr. Do Van Tao	02/02	100%	100%	
2	Mr. Vi Hoang Son	02/02	100%	100%	

3	Mr. Le Vinh Quang	01/02	50%	100%	Newly appointed
4	Mr. Nguyen Van Tho	01/02	50%	100%	Term ended

3. Supervisory Activities of the Supervisory Board Regarding the Board of Directors, the Executive Board, and Shareholders

*** Regarding the Execution of Functions and Duties of the Company's Supervisory Board**

Pursuant to Article 170 of the Law on Enterprises 2020 regarding the rights and duties of the Supervisory Board.

Pursuant to the functions and duties of the Supervisory Board as prescribed in the Charter of Lam Thao Fertilizers and Chemicals JSC approved by the General Meeting of Shareholders.

The Supervisory Board has actively carried out its tasks, regularly overseeing business operations through documents, records, attending meetings of the Board of Directors, executive planning meetings, and providing opinions on the policies, plans, implementation of business strategies, and disclosure of information as required.

Specifically:

- Monitoring the company's financial status;
- Supervising the resolutions and decisions of the Board of Directors;
- Monitoring the activities of the Executive Board;
- Handling feedback and recommendations from shareholders;
- Conducting thematic audits based on planned subjects.

*** Results of Financial Supervision**

- Based on the review and inspection activities in the first half of 2025, the Supervisory Board finds that the Company's consolidated financial statements for the first six months are in accordance with Vietnamese accounting standards and applicable regulations.

- The financial statements provide a true and fair view, in all material respects, of the Company's assets, liabilities as of 30/06/2025, and its business results and cash flows for the accounting period. The preparation and presentation of the statements comply with applicable accounting standards, enterprise accounting regimes, and legal regulations. Accounting records and documents are scientifically and carefully maintained.

*** Monitoring the Resolutions and Decisions of the Board of Directors**

- The Board of Directors has held regular and ad-hoc meetings in various formats (in-

person, online, and written consultations) to address issues promptly. They regularly review and issue appropriate regulations and decisions, facilitating effective management and governance.

- The Board's resolutions focused on reviewing and issuing regulations, assigning tasks, monitoring the implementation of business and capital investment plans, personnel management, and other operational areas.

- The meeting procedures, contents, minutes, resolutions, decisions, and documents issued by the Board are consistent with the Law on Enterprises, the Company Charter, and resolutions of the General Meeting of Shareholders.

*** Monitoring the Activities of the Executive Board**

- The Executive Board has carried out its business management in accordance with the resolutions of the General Meeting of Shareholders and those of the Board of Directors.

- + Production: Production remained stable and followed proper procedures. Material and input consumption were within approved norms, product quality was ensured, and environmental standards were met. Inventory was maintained at a reasonable level to ensure timely supply for agricultural production seasons. Fertilizer production output reached 504,849 tons, fulfilling 61% of the annual plan, an 11% increase over the same period last year.

- + Sales: Market share was maintained. The company effectively promoted products via mass media, cooperated with customers to assess market share, and reviewed sales performance by region. Debt collection was well managed, ensuring adequate cash flow for operations. Sales revenue and service provision reached VND 2,780 billion.

- + Maintenance and Repairs: Regular maintenance and repair of equipment and factories were performed to ensure safe and stable production.

- + Capital Investment: In the first half of 2025, the company focused on continuing projects from 2024, initiated construction for the SOP project, and completed the new sales and product introduction center... Final settlements for completed projects were conducted per regulations.

- Key Business Results (H1 2025):

- + Industrial production value: VND 2,335 billion (124% YoY, 61% of annual plan)

- + Revenue from sales and services: VND 2,780 billion (131% YoY, 78% of annual plan)

- + Pre-tax accounting profit: VND 155 billion (103% YoY, 76% of annual plan)

- Other Company Activities

+ Successfully organized the 2025 Annual General Meeting of Shareholders and the Employee Delegate Conference.

+ Reorganized the workforce to improve efficiency and meet production needs.

Cultural and sports activities were maintained, serving as motivational drivers for employees to fulfill their duties.

*** Shareholder Feedback**

During the first half of 2025, the Supervisory Board did not receive any comments, feedback, or proposals from shareholders regarding the Company's business operations.

4. Coordination between the Supervisory Board and the Board of Directors, Executive Board, and other management personnel.

With a spirit of responsibility, cooperation, and constructive engagement during operations:

The Supervisory Board consistently coordinated, communicated, and provided candid feedback to the Board of Directors and the Executive Board during meetings.

The Resolutions and Decisions of the Board of Directors and the Executive Board were aligned with the Resolutions of the General Meeting of Shareholders, the objectives of the Board of Directors, and the applicable policies and regulations.

The Supervisory Board was provided with complete and timely information regarding the Resolutions and Decisions of the Board of Directors and the Executive Board.

The Supervisory Board always received full support from the functional departments within the Company in supplying documents and materials necessary for inspection and supervision activities.

5. Supervisory Board's Remarks and Recommendations

*** Remarks:**

In the first six months of 2025, despite numerous difficulties and challenges in production and business operations, the Company successfully achieved its set objectives. The material and spiritual well-being of employees continued to improve. The Company fulfilled its obligations to the State.

*** Recommendations:**

To the Board of Directors and the Executive Board:

- Continue to expedite the recovery of bad debts (carried over from previous periods).
- Continue to strengthen management measures to ensure safety in production and environmental protection.
- Accelerate the implementation progress of Projects according to the approved plans,

and complete final settlements in accordance with regulations for completed projects and those that have been halted.

IV. EXECUTIVE BOARD

No.	Member of Executive Board	Date of Birth	Professional Qualification	Date of First Appointment
1	Mr. Pham Thanh Tung	31/08/1973	Chemical Economics Engineer, Master of Business Administration	19/06/2020
2	Mr. Tran Dai Nghia	15/05/1978	Master of Inorganic Chemistry	03/11/2023
3	Mr. Nguyen Quoc An	31/5/1976	Master of Economic Management	01/9/2024
4	Mr. Le Hong Thang	16/07/1966	Bachelor of Economics, majoring in Finance and Accounting	16/03/2003
