V/v Explanation of the Loss and the Over-  
10% Difference in Profit after tax for  
Quarter 2/2025

Can Tho, ngày 29 tháng 07 năm 2025

**To:**           - State Securities Commission of Vietnam  
                  - Ha Noi Stock Exchange

Pursuant to Circular No. 96/2020/TT-BTC dated November 16, 2020 of the Ministry of Finance guiding information disclosure on the securities market, promulgating the Information Disclosure Regulation of the Ha Noi Stock Exchange, Nam Song Hau Trading Investing Petroleum Joint Stock Company (Stock code: PSH) hereby provides an explanation regarding the business loss and the over-10% difference in after-tax profit compared to the same period of Quarter 2, 2024, as follows:

Unit: VND

Items	Figures in the Financial Statements/Income statement for Q2/2025	Figures in the Financial Statements/Income statement for Q2/2024	Difference
	1	2	3=1-2
<b>1. Profit after tax</b>			
- Separate Financial Statements	-158,347,375,019	-344,409,793,099	-186,062,418,080

The profit after tax for Quarter 2/2025, according to the consolidated financial statements, was negative VND 158.347 billion. The primary reason was that revenue was lower than operating expenses. In addition, a decrease in financial expenses led to a reduction in total operating expenses compared to the same period in Quarter 2/2024.

The above explanation pertains to the changes in profit after tax for Q2/2025 compared to the same period in the previous year (Q2/2024) as reported in the Separate and Consolidated Financial Statements of Nam Song Hau Trading Investing Petroleum Joint Stock Company.

Best regards./.
