BOARD OF DIRECTORS' REPORT

We, members of Board of Directors of Ninh Binh Phosphate Fertilizer Joint Stock Company (hereinafter referred to as "the Company") present this Report together with the Company's reviewed Interim Financial Statements for the period from 01/01/2025 to 30/6/2025.

Board of Management and Board of Directors

Members of Board of Management and Board of Directors who held the Company during the period from 01/01/2025 to 30/6/2025 and to the date of this report, include:

Board of Management

Mr. Pham Manh Ninh	Chairman
Mr. Duong Nhu Duc	Member
Mr. Pham Hong Son	Member (Dismissed on April 24, 2025)
Mr. Ha Huy San	Member
Mr. Nguyen Ngoc Thach	Member
Mr Nguyen Minh Viet Hung	Member (Appointed on April 24, 2025)

Board of Directors

Mr. Duong Nhu Duc	Director
Mr. Pham Hong Son	Deputy Director

Respective responsibilities of Board of Directors

The Board of Directors of the Company is responsible for preparing Financial Statements which give a true and fair view of the financial position, and of the results of its operations and its cash flows of the Company in the year, in accordance with Vietnamese Accounting Standards, Vietnamese Accounting regime for enterprises and legal regulations relating to financing reporting. In the preparation of these Interim Financial Statements, Board of Directors is required to:

- Select suitable accounting policies and then consistently apply them;
- Make judgments and estimates that are reasonable and prudent;
- State whether appropriate accounting standards are respected or any application of material misstatements that needs to be disclosed and justified in Financial Statements;
- Prepare the Interim Financial Statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business; and
- Design and implement an effective internal control system for the purpose of properly preparing and presenting the Financial Statements so as to minimize risks and frauds.

Board of Directors is responsible for ensuring that proper accounting records are kept, which disclose, with reasonable accuracy at any time, the financial position of the Company and that the Interim Financial Statements comply with Vietnamese Accounting Standards, Vietnamese Accounting regime for enterprises and legal regulations relating to the preparation and presentation of the Interim Financial Statements. Board of Directors is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of frauds and other irregularities.

BOARD OF DIRECTORS' REPORT

(continued)

Board of Directors confirms that the Company has complied with the above requirements in preparing these Interim Financial Statements.

For and on behalf of Board of Directors,

NINH BINH PHOSPHATE FERTILIZER JOINT STOCK COMPANY

Dương Nhu Duc

Director

Ninh Binh, July 28, 2025

No. 3107.01 -25/BC-TC/VAE

Hanoi, July 31 2025

**REPORT ON REVIEW OF
INTERIM FINANCIAL INFORMATION**

**To: Shareholders
Board of Management and Board of Directors
Ninh Binh Phosphate Fertilizer Joint Stock Company**

We have reviewed the accompanying Interim Financial Statements of Ninh Binh Phosphate Fertilizer Joint Stock Company (hereinafter referred to as "the Company"), *prepared on July 28, 2025, from page 05 to page 30*, including: Interim Balance Sheet as at 30/6/2025, Interim Income Statement, Interim Cash Flow Statement for the 6-month period then ended and Notes to the Interim Financial Statements.

Respective responsibilities of Board of Directors

Board of Directors of the Company is responsible for the preparation and true & fair presentation of the Interim Financial Statements of Company in accordance with Vietnamese Accounting Standards, Vietnamese Accounting regime for enterprises and legal regulations relating to the preparation and presentation of the Interim Financial Statements and for such internal control as Board of Directors determines is necessary to enable the presentation of Interim Financial Statements that are free from material misstatements whether due to fraud or error.

Respective responsibilities of Auditor

Our responsibility is to express a conclusion on the Interim Financial Statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review Engagements 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity.

A review of Interim Financial Statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Auditor's conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying Interim Financial Statements do not present truly and fairly, in all material respects, the financial position of the entity as at 30/6/2025, and of its financial performance and its cash flows for the period then ended in accordance with Vietnamese Accounting Standards, Vietnamese Accounting regime for enterprises and legal regulations related to the preparation and presentation of Interim Financial Statements.

Pham Hung Son

Deputy General Director

Audit Practising Registration Certificate No. 0813-2023-034-1

NOTES TO THE INTERIM FINANCIAL STATEMENTS

(Notes are an integral part of these Interim Financial Statements and they shall be read in conjunction with such enclosed Interim Financial Statements)

I. Operational characteristics of enterprise

1. Form of ownership

Ninh Binh Phosphate Fertilizer Joint Stock Company (hereinafter referred to as "the Company") was formerly Ninh Binh Phosphate Fertilizer Factory, established in 1977. From 01/01/2005, the Company changed to operate in the form of a Joint Stock Company, in which, the state shareholder is Vietnam National Chemical Group. The Company's Business Registration Certificate has been revised for 8 times.

According to the 8th revised Business Registration Certificate dated January 14, 2025, the Company's charter capital is **157,312,600,000 VND** (*One hundred and fifty-seven billion, three hundred and twelve million, six hundred thousand dongs*).

Share of the Company were listed on the Hanoi Stock Exchange (HNX) under securities code of NFC.

2. Fields of business

The company operates in the field of fertilizer production.

3. Business lines

- Production of fertilizers and nitrogen compounds;
- Wholesale of other materials and installation equipment in construction;
- Production of cement, lime and gypsum; Details: Cement production;
- Other specialized machine manufacturing activities; Details: Manufacturing, processing and manufacturing equipment of molten phosphate fertilizer production machine;
- Other business support service activities; Details: export and import of fertilizers;
- Other specialized wholesalers; Details: trading of fertilizers.

The Company's headquarters: Bo Dau Village, Nam Hoa Lu District, Ninh Binh Province, Viet Nam

4. Normal production and business cycle

The Company's normal production and business cycle is no more than 12 months.

5. The Company's structure

The company has a subsidiary without legal status which is a representative office in Ho Chi Minh City - Ninh Binh Phosphate Fertilizer Joint Stock Company, located at 267/5 Trinh Dinh Trong Street, Tan Phu Ward, Ho Chi Minh City. The representative office has the main activity of promoting trade and introducing products to the Southern market.

6. Disclosure of information comparability in the Interim Financial Statements

The respective information and figures presented in the Interim Financial Statements of the Company for the period from 01/01/2025 to 30/6/2025 are comparative.

7. Number of employees

Number of employees as at June 30, 2025 is 327 employees (As at December 31, 2024: 306 employees).

II. Accounting period, currency used in accounting

1. Accounting period

The Company's accounting period begins on 01 January and ends on 31 December every year. These Interim Financial Statements are prepared for the period from 01/01/2025 to 30/6/2025.

NOTES TO INTERIM THE FINANCIAL STATEMENTS (continued)

(Notes are an integral part of these Interim Financial Statements and they shall be read in conjunction with such enclosed Interim Financial Statements)

2. Currency used in accounting

The currency used in accounting is Vietnam dong ("VND") accounted under the principle of historical cost, in accordance with Vietnamese Accounting Standards, Vietnamese Accounting regime for enterprises and the legal regulations related to the preparation and presentation of Interim Financial Statements.

III. Applied accounting regime and standards

1. Applied accounting regime and standard

The Company applies the Accounting regime for enterprises promulgated under the Circular No. 200/2014/TT-BTC dated 22/12/2014 by Ministry of Finance guiding the accounting regime for enterprises and Circular No. 53/2016/TT-BTC dated 21/3/2016 by Ministry of Finance regarding amendment to some articles of Circular No. 200/2014/TT-BTC.

2. Statement on the compliance to Accounting Standards and Accounting regime

The Company's Interim Financial Statements are prepared and presented in accordance with current Vietnamese Accounting Standards and Vietnamese Accounting regime for enterprises and relevant legal regulations to the preparation and presentation of the Interim Financial Statements.

IV. Significant accounting policies

1. Foreign exchange rates applied in accounting

Exchange rates for translating transactions denominated in foreign currencies in the period are the exchange rates adopted by the Joint Stock Commercial Bank for Foreign Trade of Vietnam - Ninh Binh Branch on the transaction date.

Exchange rates for re-translation of monetary items denominated in foreign currencies at the reporting date are the rates stated by the Joint Stock Commercial Bank for Foreign Trade of Vietnam - Ninh Binh Branch on the reporting date, thereby:

- Exchange rates for re-translation of items denominated in foreign currencies and classified as assets are the buying rates stated by the Joint Stock Commercial Bank for Foreign Trade of Vietnam - Ninh Binh Branch on the reporting date.

- Exchange rates for re-translation of items denominated in foreign currencies and classified as liabilities are the selling rates stated by the Joint Stock Commercial Bank for Foreign Trade of Vietnam - Ninh Binh Branch on the reporting date.

2. Accounting estimates

The preparation of Interim Financial Statements in accordance with Vietnamese accounting standards, accounting regime for enterprises and legal regulations relating to the preparation and presentation of Interim Financial Statements requires the Board of Directors to make reasonable estimates calculations and assumptions that affect the reported amounts of liabilities, assets and the presentation of liabilities and contingent assets as at the date of the Interim Financial Statements, as well as the reported amounts of revenue and expenses throughout the operating period. Although accounting estimates are made to the best knowledge of the Board of Directors, the actual amounts incurred may differ from the estimates or assumptions made.

3. Principle for recognizing Cash and cash equivalent

Cash and cash equivalents include cash on hand, demand deposits, short-term investments (not exceeding 3 months) that are highly liquid, readily convertible to cash, and subject to an insignificant risk of changes in value.

NOTES TO INTERIM THE FINANCIAL STATEMENTS (continued)

(Notes are an integral part of these Interim Financial Statements and they shall be read in conjunction with such enclosed Interim Financial Statements)

4. Accounting principle of accounts receivable

Held-to-maturity investments

Held-to-maturity investments include investments that the Company intends and is able to hold to the maturity date. Held-to-maturity investments include term bank deposit.

Held-to-maturity investments are recognized starting from the acquisition date and initial value of such held-to-maturity investments are determined under purchase price and expenses related to transactions of purchasing investment amounts. Interest proceeds from held-to-maturity investments after purchase date are recognized on the Interim Income Statement on the basis of estimates. Interest before the Company holds the investments shall be deducted from historical cost at purchase time.

Held-to-maturity investments are measured at cost less provision for doubtful debts.

When there is clear evidence that part or all of the investment may not be recoverable and the amount of loss can be reliably determined, the loss shall be recognized in the financial expenses of the period and directly reduce the carrying amount of the investment.

5. Accounting principle of accounts receivable

Receivables are presented at net book value less allowance for doubtful and bad debts.

Receivables are classified as ruled below:

- Trade accounts receivable, which comprise receivables of commercial nature incurred from purchasing-selling transactions between the Company and buyers who are independent from the Company.
- Other receivables comprise non-commercial receivables unrelative to purchasing-selling transactions.

Allowances for doubtful debts are made for overdue receivables stated in economic contracts, contractual commitments or debt repayment commitments that the enterprise has repeatedly requested but has not yet recovered, or receivables that the debtor is unlikely to be able to pay due to liquidation, bankruptcy or similar difficulties.

Increase, decrease in bad-debt allowances at year-end is recognized in general and administrative expenses in the period.

6. Principle for recognizing inventories

Inventories are stated at the lower of cost and net realizable value.

The cost of inventories includes direct materials, direct labor and those general production costs (if any) incurred in bringing the inventories to their present location and condition.

Net realizable value is determined as the estimated selling price of inventories during the normal business period minus the estimated costs to complete and necessary estimated costs to sell.

The value of inventories is determined under the weighted average system and accounted for by the perpetual method.

As at June 30, 2025, the Company had no devaluing inventories for which to make provision.

NOTES TO INTERIM THE FINANCIAL STATEMENTS *(continued)*

(Notes are an integral part of these Interim Financial Statements and they shall be read in conjunction with such enclosed Interim Financial Statements)

7. Principle for fixed asset recognition and depreciation

7.1 Principle for tangible fixed asset recognition and depreciation

Tangible fixed assets are recognized at their historical cost, presented in the Interim Balance sheet under the items of historical cost, accumulated depreciation and carrying amount.

The cost of purchased tangible fixed assets comprises their purchase price (less trade discount or other discounts), related tax and any directly attributable costs of bringing the assets to its ready-for-use condition.

The cost of fixed assets constructed by contractors includes value of completed and handed over works, directly-related costs and registration duty.

The historical cost of self-constructed or self-made tangible fixed assets includes the actual cost of self-constructed or self-made tangible fixed assets and the cost of installation and commissioning.

The expenses incurred after the initial recognition of tangible fixed assets are recorded as the increases of historical cost of assets when these expenses are sure to increase economic benefits in the future. The incurred expenses which do not satisfy the above conditions are recognized into operating expenses in the period.

Tangible fixed assets are depreciated using the straight-line method. Tangible fixed assets are categorized by nature and purpose of use in the Company's production process, as follows:

<i>Type of fixed assets</i>	<i>Useful life (year)</i>
Buildings, structures	10 - 20
Machinery, equipment	05 - 10
Means of transportation	06 - 08
Management equipment	03 - 08

Gains and losses arising from the liquidation or sale of assets are the difference between the proceeds from the liquidation and the carrying amount of the assets and are recorded in the income statement.

7.2 Principle for intangible fixed asset recognition and amortization

Intangible fixed assets are stated at cost and presented in the interim balance sheet in terms of historical cost, accumulated amortization and net book value.

The cost of intangible fixed assets comprises all expenses paid by the Company up to the time of bringing the assets to its ready-for-use condition. Related expenses incurred after the initial recognition of intangible fixed assets are recognized into production costs of the period unless these expenses are associated to a specific intangible fixed asset and bring more economic benefits from these assets.

When an intangible fixed asset is sold or disposed, historical cost and accumulated amortization are written off and gain or loss from disposal is recognized into income or expense in the year.

Intangible assets of the Company are Software programs.

Costs in relation to translation software programs are not an integral part of the relevant capitalized hardware. Historical costs of computer softwares is the whole expenditure paid by the Company until the softwares are put into use. Computer softwares are amortized on straight line basis for 03 years.

NOTES TO INTERIM THE FINANCIAL STATEMENTS (continued)

(Notes are an integral part of these Interim Financial Statements and they shall be read in conjunction with such enclosed Interim Financial Statements)

8. Principle for recognition and allocation of prepaid expenses

Prepaid expenses comprise expenses incurred but related to the results of business operation of various accounting periods. Prepaid expenses include: issued tools and supplies awaiting for allocation, transportation costs of goods on consignment, and other prepaid expenses.

Tools and instruments which are put to use are expensed on a straight-line basis for 03 years.

Expenses for medicine and accounting software maintenance: These are multi-period prepaid expenses, which are allocated to expenses on a straight-line basis over the prepaid period.

9. Accounting principle for liabilities

Liabilities are amounts payable to suppliers and other subjects. Liabilities comprise trade accounts payable and other payables. Liabilities are not recorded at lower amounts than payment obligation. Classification of liabilities is made on the following principle:

- Trade accounts payable comprise of liabilities with their commercial nature arising from purchasing goods, services, assets and the suppliers are independent from buyers;

- Other amounts payable comprise amounts payable with their non-commercial nature, not related to transactions of purchasing, selling and supplying goods, services.

Liabilities are monitored by details of each item and due date.

10. Principle for recognizing loans

Loans are recognized on receipt vouchers, bank documents, loan contracts and borrowing agreements.

Loans are recorded in terms of lender, maturity, and original currency.

11. Principle for recognition and capitalization of borrowing costs

Borrowing costs consist of loan interest and other costs that incurs in direct connection with the borrowings.

12. Principle for recognizing accrued expense

Accrued expenses of the Company include market costs, agent bonuses, initiative rewards, advertising expenses, transportation costs, interest expenses, and other accrued expenses. Advertising expenses, transportation costs, and other accrued expenses are actual costs incurred during the reporting period but not yet paid due to the absence of invoices or insufficient accounting documents, and are recognized in the cost of production and business activities for the reporting period. Market costs, agent bonuses, and initiative rewards are estimated expenses that have not yet been incurred but are accrued in advance to ensure that actual future expenses do not cause fluctuations in production and business costs. Accrued interest expenses are determined based on signed loan agreements.

Expenses are accrued in the period in strict consideration with reasonable, reliable evidence on the expenses so accrued in the period so that the accruals to be recorded match with the costs as incurred.

NOTES TO INTERIM THE FINANCIAL STATEMENTS (continued)

(Notes are an integral part of these Interim Financial Statements and they shall be read in conjunction with such enclosed Interim Financial Statements)

13. Principles and recognizing provisions for payables

Provisions for payables are recorded when the Company has a present obligation as a result of a past event, and it is probable that the Company will be required to settle this obligation. Provisions are determined based on the Board of Directors' estimate of the expenditure required to settle the obligation at the end of the operating period.

The Company's provision for payables is the provision for periodic major repairs of fixed assets (according to technical requirements) recorded on the basis of the approved plan for major repairs of fixed assets. If the actual cost of repair and maintenance of fixed assets is higher than the provisioned amount, the difference is fully accounted for as expenses. If the actual cost of repair and maintenance of fixed assets is less than the provisioned amount, the difference is accounted for as a reduction in expenses.

14. Principle for recognizing owner's equity

Owner's equity is recognized at amounts actually contributed.

Other owner's capital of the owner is formed by supplementing from the results of business activities, revaluation of assets and the residual value between the fair value of the donated, donated or sponsored assets after deducting payable taxes (if any) related to these assets.

Retained earnings are the profit amounts from business operation less corporate income tax expense of the current year and the retroactive adjustments due to changes in accounting policies and the retroactive adjustment of material misstatements in the previous years.

Profit after corporate income tax is allocated to shareholders right after funds are made for under the Corporation Article of the Company as well as legal regulations and upon approval of the Annual General Meeting.

The distribution of profit among shareholders is considered by taking account for non-cash items included in the retained earnings that may have impact on the cash flow and payment ability of dividend such as revaluation gain over assets for capital contribution, gain from re-translation of cash items, financial instruments and other non-cash items.

Dividends are recognized as liabilities after the Company's Board of Management announces the dividend distribution and the Vietnam Securities Depository and Clearing Corporation announces the record date for dividend entitlement.

15. Principle and method of recognizing revenue, other income

The Company's revenue includes revenue from selling goods, finished products, deposit interest.

Revenue from sales of merchandise and finished goods

Revenue from selling merchandise and finished goods is recognized when all the following five (5) conditions are simultaneously met:

- The Company has transferred to the buyer the majority of risks and benefits associated with the right to own the goods;
- The Company retains neither the right to manage nor the right to control the goods as an owner;

NOTES TO INTERIM THE FINANCIAL STATEMENTS (continued)

(Notes are an integral part of these Interim Financial Statements and they shall be read in conjunction with such enclosed Interim Financial Statements)

- Turnover is determined with relative certainty. In case the contract specifies that buyers have the right to return the purchased goods or products under specific terms, the revenue is only recognized when these specific terms no longer exist and the buyers have no right to return goods or products (except when the customers can return goods by exchanging them for other goods or services);
- The economic benefits associated with the transaction have flown or will flow to the Company; and
- The costs associated with the sale transaction can be determined.

Interest income

Interest income is recognized on an accrual basis as determined on the deposit balances and interest rates in the period.

16. Principle and method of recognizing financial expense

Financial expense recognized in Income Statement is the total financial expense incurred in the period, without offset with revenue from financial income, including interest expenses, settlement discounts, exchange rate difference.

17. Tax liabilities

Value added tax (VAT)

The Company declares and calculates VAT under the guidelines of current value added tax law.

Corporate income tax

Corporate income tax presents the total amount of current tax payable.

Current tax payable is calculated on taxable profit in the year. Taxable income differs from net profit presented in the Income Statement because taxable income does not include assessable incomes or expenses or deductible one in other years (including losses carried forward, if any) and it further excludes items that are non-taxable or non-deductible.

The Company applies corporate income tax rate at 20% on taxable profit.

The determination of taxable income and tax currently payable is based on the current interpretation of tax regulations. However, these regulations are subject to periodic variation and its ultimate determination depends on the results of tax authorities' examination.

Other taxes

Other taxes are declared and paid to local tax authorities in accordance with the prevailing tax law in Vietnam.

18. Segment reporting

A division is a distinguishable component of the Company that engages in the provision of relevant products or services (business segment segments) or in the provision of products and services within a specific economic environment (geographic segment segments) in which the segment has different economic risks and benefits than the divisions other business divisions. The Board of Directors believes that the Company's main activity is the production and trading of fertilizer products and is mainly distributed in the territory of Vietnam. Therefore, the Company does not present division reports by business field and geographical area in accordance with the provisions of Vietnam Accounting Standard No. 28 - Segment reporting.
