To: Hanoi Stock Exchange

Regarding to Point c, Clause 4, Article 14 of Circular No. 96/2020/TT-BTC dated November 16th, 2020, issued by the Ministry of Finance, "Guidelines on Information Disclosure in the Securities Market.";

In the reviewed and audited interim Financial Statements for the first six months of 2025, the profit after tax was recorded at VND 25.02 billion. This figure reflects an increase in profit compared to the profit after tax disclosed in the Company's self-prepared Q2 2025 Financial Statements.

The increase in profit is due to the auditor's adjustments to certain Financial Statement items for the first six months of 2025, specifically as follows:

- | | |
|--|---------------------|
| 1. Profit after tax before audit: | VND 23,674,908,823 |
| 2. Adjustment for current corporate income tax: | VND 2,557,388,423 |
| 3. Adjustment for deferred corporate income tax: | (VND 1,208,324,407) |
| 4. Profit after tax as per audited financial statements: | VND 25,023,972,839 |

The above is the explanation from PVCoating regarding the difference in profit after tax between the reviewed and audited interim financial statements for the first six months of 2025. The Company respectfully submits this report for your acknowledgement.

Sincerely./.
