**Content of information to be announced:**

We herein disclose that, as per the reviewed financial statements for the six-month period ended June 30, 2025, the Company's profit after corporate income tax decreased by 92.34% compared to the same period in the prior year. The details are as follows:

Quota	From 01/01/2025 to 30/06/2025	From 01/01/2024 to 30/06/2024	% increase/decrease	
1. Revenue	135,713,788,689	121,504,584,756	14,209,203,933	11.69%

5. Profit after tax	2,461,385,263	32,125,737,379	(29,664,352,115)	(92.34%)

The company's profit after corporate income tax for the first six months of 2025 decreased by 92.34% compared to the same period in 2024, primarily due to:

Weaker market liquidity in the first half of 2025 compared to the same period last year, although operating revenue increased and administrative expenses decreased year-over-year, a decline in stock prices resulted in higher costs from revaluation of investment portfolios, at the same time, financial expenses increased, leading to reduced operational efficiency. These were the main factors driving the sharp deterioration in business performance relative to the corresponding period of the previous year.
