

PV2 INVESTMENT JSC

**PV2 INVESTMENT
JOINT STOCK COMPANY**

THE SOCIALIST REPUBLIC OF VIETNAM
Independence - Freedom – Happiness

No: 83/PV2-TCKT

Hanoi, August 14, 2025

*Re: Eplanation of the difference
in after-tax profit for the first 6
months of 2025 compared to the
first 6 months of 2024.*

To: HANOI STOCK EXCHANGE

In compliance with Circular No. 96/2020/TT-BTC issued by the Ministry of Finance on November 16, 2020, guiding information disclosure on the securities market.

Based on the audited business results for the first 6 months of 2025 in the Company's financial statements, PV2 Investment Joint Stock Company (PV2) would like to explain the significant reasons for the difference in the after-tax corporate income tax profit for the first 6 months of 2025 compared to the first 6 months of 2024 as follows:

After-tax corporate income tax profit for the first 6 months of 2025 compared to the first 6 months of 2024 (audited):

No.	Indicator	First 6 months of 2024 (Audited)	First 6 months of 2023 (Audited)	Comparison 2024/2023 (%)
1	After-tax profit	(1.297.640.711)	1.723.732.460	

Reason: In the first 6 months of 2025, due to the impact of the US's sudden tariff policy on Vietnamese goods, the Vietnamese stock market experienced a sharp decline, causing significant losses to the Company's securities investment activities. This is the main reason for the deep decrease in after-tax profit for the first 6 months of 2025 compared to the same period.

PV2 Investment Joint Stock Company continues to carry out production and business activities, financial investments, and is actively seeking safe and effective investment opportunities to bring about better business results in subsequent reporting periods.

Sincerely,

Recipients:

- *As above;*
- *Chairman, Audit Committee*
(for reporting);
