STATEMENT OF THE BOARD OF MANAGEMENT

Responsibility of the Board of Management in respect of the interim separate financial statements

The Board of Management of PVI Holdings ("the Company") is responsible for preparing the interim separate financial statements of the Company which give a true and fair view of the interim separate financial position of the Company as at 30 June 2025, and of its interim separate financial performance and its cash flows for the six-month period then ended. In preparing these interim separate financial statements, the Board of Management is required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent; and
- prepare the interim separate financial statements on a going-concern basis unless it is inappropriate to presume that the Company will continue in business.

The Board of Management is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy at any time, the interim separate financial position of the Company and enable interim separate financial statements to be prepared which comply with the basis of accounting set out in Note 2 to the interim separate financial statements. The Board of Management is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud or error.

Approval of the interim separate financial statements

We hereby, approve the accompanying interim separate financial statements as set out on pages 5 to 43 which give a true and fair view of the interim separate financial position of the Company as at 30 June 2025, and of the interim separate financial performance and its cash flows for the six-month period then ended in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on preparation and presentation of interim financial statements.

Users of these interim separate financial statements of the Company should read them together with the consolidated financial statements of the Company and its subsidiaries ("the Group") for the six-month period ended 30 June 2025 in order to obtain full information of the consolidated financial position and the consolidated financial performance and the consolidated cash flows of the Group.

On behalf of the Board of Management, 

Nguyễn Tuan Tu
Chief Executive Officer
Legal Representative

Ha Noi, S.R. Vietnam
11 August 2025

REPORT ON THE REVIEW OF INTERIM SEPARATE FINANCIAL INFORMATION TO THE OWNERS OF PVI HOLDINGS

We have reviewed the accompanying interim separate financial statements of PVI Holdings ("the Company") which were prepared on 30 June 2025, and approved by the Board of Management of the Company on 11 August 2025. The interim separate financial statements comprise the interim separate balance sheet as at 30 June 2025, the interim separate income statement, the interim separate cash flow statement for the six-month period then ended, and explanatory notes to the interim separate financial statements including significant accounting policies, as set out on pages 5 to 43.

Responsibility of the Board of Management

The Board of Management of the Company is responsible for the preparation and the true and fair presentation of these interim separate financial statements of the Company in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on the preparation and presentation of interim financial statements, and for such internal control which the Board of Management determines is necessary to enable the preparation and presentation of interim separate financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the interim separate financial statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review Engagements 2410 - *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

PwC (Vietnam) Limited
No. 29, Le Duan Street, Saigon Ward,
Ho Chi Minh City, Vietnam

Auditor's Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim separate financial statements do not present fairly, in all material respects, the separate financial position of the Company as at 30 June 2025, its separate financial performance and its separate cash flows for the six-month period then ended in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulation on the preparation and presentation of interim financial statements.

Other Matter

The interim separate financial statements of the Company for the six-month period ended 30 June 2024 were reviewed by another audit firm whose report dated 12 August 2024 expressed an unqualified review conclusion. The separate financial statements of the Company for the year ended 31 December 2024 were also audited by this audit firm whose report dated 20 February 2025 expressed an unqualified audit opinion.

The report on the review of interim separate financial statements is prepared in Vietnamese and English. Should there be any conflict between the Vietnamese and English versions, the Vietnamese version shall take precedence.

**NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2025****1 GENERAL INFORMATION**

PVI Holdings (“the Company”) is a joint stock company established in the SR Vietnam according to the Establishment and Operation License No. 42GP/KDBH issued by the Ministry of Finance on 12 March 2007. The Establishment and Operation License was replaced by the 12th amendment to the Enterprise Registration Certificate No. 0100151161 dated 28 June 2011, issued by the Hanoi Department of Planning and Investment. The latest amendment (21st) to the Enterprise Registration Certificate was issued on 21 August 2024.

Since 10 August 2007, the Company's shares have been listed on the Hanoi Securities Trading Center (now the Hanoi Stock Exchange) with the ticker symbol of PVI.

Prior to 1 August 2011, the Company was formerly known as PetroVietnam Insurance Joint-Stock Company and was directly engaged in the insurance business. After restructuring, the Company transitioned to operate under a parent–subsidiary model and no longer directly conducts insurance business nor is subject to the Insurance Business Law. Instead, it operates as an investment and asset-holding company, governed by the Enterprise Law.

The principal activities of the Company are financial services and real estates. The Company's main activities include:

- Asset holding activities;
- Financial services activities;
- Real estate business activities; and
- Information technology service activities and other services related to computers and data processing

The normal business cycle of the Company is within 12 months.

As at 30 June 2025, the Company has 97 employees (as at 31 December 2024: 99 employees).

As at 30 June 2025, the Company has two (02) dependent accounting branches, which are the Information Technology Center and the Management and Business Service Center, and five (05) direct subsidiaries as follows:

**NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2025**

1 GENERAL INFORMATION (CONTINUED)

	Principal activities	Place of incorporation and operation	As at 30/6/2025 and as at 31/12/2024	
			Ownership	Voting rights

(*) In accordance with the Resolution No. 35/NQ-PVI dated 28 April 2025, the Company has approved to increase charter capital of VND 420,000,000,000 to PVI Insurance Corporation from owner equity sources in the 3rd and 4th quarters of 2025 in cash.

(**) PVI Opportunity Investment Fund (POF) was established on 8 October 2015, as a closed-end fund according to Notification No. 215/TB-UBCK from the State Securities Commission and its operation has been extended until 8 October 2025, according to Official Document No. 3388/UBCK-QLQ dated 20 May 2020.

PVI Infrastructure Investment Fund (PIF) was established on 25 May 2017, as a closed-end fund according to Notification No. 153/TB-UBCK from the State Securities Commission and its operation has been extended until 25 May 2027, according to Certificate No. 26/GCN dated 25 June 2021 from the State Securities Commission.

These funds are managed by PVI Assets Management Joint Stock Company, and the custodian bank is the Joint Stock Commercial Bank for Investment and Development of Vietnam – Ha Thanh Branch.

The total capital of POF as at 30 June 2025, and 31 December 2024 were VND 2,000,000,000,000, contributed by the following parties:

	As at 30/6/2025 and as at 31/12/2024	
	Capital contributed	%
PVI Holdings	827,272,730,000	41.36
PVI Insurance Corporation	868,181,820,000	43.41
Hanoi Reinsurance Joint Stock Corporation	304,545,450,000	15.23
	<u>2,000,000,000,000</u>	<u>100</u>

**NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2025**

1 GENERAL INFORMATION (CONTINUED)

The total capital of PIF as at 30 June 2025, and 31 December 2024 were VND 1,500,000,000,000, contributed by the following parties:

	As at 30/6/2025 and as at 31/12/2024	
	Capital contributed	%
PVI Holdings	520,000,000,000	34.67
PVI Insurance Corporation	706,000,000,000	47.07
Hanoi Reinsurance Joint Stock Corporation	274,000,000,000	18.26
	<u>1,500,000,000,000</u>	<u>100</u>

Control over these funds is achieved as the Company has the ability to govern the financial and operating policies of the funds in order to obtain benefits from their operations.

Statement of the comparability of interim separate financial statements:

The comparative figures in the interim separate balance sheet and the related notes are figures from the audited separate financial statements for the fiscal year ended 31 December 2024.

The comparative figures in the interim separate income statement, interim separate cash flow statement, and related notes are figures from the reviewed interim separate financial statements for the six-month period ended 30 June 2024.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation of interim separate financial statements

The interim separate financial statements have been prepared in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on preparation and presentation of interim financial statements. The interim separate financial statements have been prepared under the historical cost convention.

The accompanying interim separate financial statements are not intended to present the separate financial position and separate financial performance and separate cash flows in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Vietnam. The accounting principles and practices utilised in Vietnam may differ from those generally accepted in countries and jurisdictions other than Vietnam.

Separately, the Company has also prepared the interim consolidated financial statements of the Company and its subsidiaries ("the Group") in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on preparation and presentation of interim consolidated financial statements. In the interim consolidated financial statements, subsidiaries undertakings, which are those companies over which the Company has the power to govern the financial and operating policies, have been fully consolidated.

**NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.1 Basis of preparation of interim separate financial statements (continued)**

Users of these interim separate financial statements of the Company should read them together with the interim consolidated financial statements of the Group for the six-month period ended 30 June 2025 in order to obtain full information of the interim consolidated financial position and the interim consolidated financial performance and the interim consolidated cash flows of the Group.

The interim separate financial statements in the Vietnamese language are the official statutory interim separate financial statements of the Company. The interim separate financial statements in the English language have been translated from the Vietnamese version.

2.2 Fiscal year/period

The Company's fiscal year is from 1 January to 31 December. The interim separate financial statements are prepared for the six-month period from 1 January to 30 June.

2.3 Currency

The interim separate financial statements are measured and presented in Vietnamese Dong ("VND"), which is the Company's accounting currency.

2.4 Exchange rates

Transactions arising in foreign currencies are translated at exchange rates prevailing at the transaction dates. Foreign exchange differences arising from these transactions are recognised in the interim separate income statement.

Monetary assets and liabilities denominated in foreign currencies at the interim separate balance sheet date are respectively translated at the buying and selling exchange rates at the interim separate balance sheet date of the commercial bank with which the Company regularly transacts. Foreign currencies deposited in bank at the interim separate balance sheet date are translated at the buying exchange rate of the commercial bank where the Company opens its foreign currency accounts. Foreign exchange differences arising from these translations are recognised in the interim separate income statement.

2.5 Cash

Cash comprise cash on hand and demand deposits.

2.6 Receivables

Receivables represent trade receivables from customers arising from sales of goods and rendering of services or non-trade receivables from others and are stated at cost. Provision for doubtful debts is made for each outstanding amount based on overdue days in payment according to the initial payment commitment (exclusive of the payment rescheduling between parties) or based on the estimated loss that may arise. The difference between the provision of this accounting period and the provision of the previous accounting period is recognised as an increase or decrease of general and administration expenses in the period. Bad debts are written off when identified as uncollectible in accordance with regulations and the Company's policies.

Receivables are classified into short-term and long-term receivables on the interim separate balance sheet based on the remaining period from the interim separate balance sheet date to the maturity date.

**NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.7 Investments****(a) Trading securities**

Trading securities are securities and other financial instruments, which are held for trading.

Trading securities are initially recorded at historical cost including cost of acquisition and any expenditure that is directly attributable to the acquisition. Subsequently, the Board of Management reviews all outstanding investments to determine the amount of provision to recognise at the period end. The provision for diminution in value of trading securities is made when their carrying value is higher than their market value. Changes in the provision balance during the accounting period are recorded as an increase or decrease in financial expenses. A reversal, if any, is made only to the extent the investment is restored to its original cost.

The Company recognises trading securities when it has ownership of the assets, specifically as follows:

- Listed securities are recognised at the time of order matching; and
- Unlisted securities are recognised at the time when official ownership is established in accordance with regulations.

Profit or loss from liquidation or disposal of trading securities is recognised in the interim separate income statement. The costs of trading securities disposed are determined by using the moving weighted average method.

(b) Investments held to maturity

Investments held to maturity are investments which the Company has a positive intention and ability to hold until maturity.

Investments held to maturity include bank deposits with original maturity over three months and other investments held to maturity. Those investments are initially accounted for at cost. Subsequently, the Board of Management reviews all outstanding investments to determine the amount of provision to recognise at the period end.

Provision for diminution in value of investments held to maturity is made when there is evidence that the investment is uncollectible in whole or in part. Changes in the provision balance during the accounting period are recorded as an increase or decrease in financial expenses. A reversal, if any, is made only to the extent the investment is restored to its original cost.

Investments held to maturity are classified into short-term and long-term investments held to maturity on the interim separate balance sheet based on the remaining period from the interim separate balance sheet date to the maturity date.

**NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.7 Investments (continued)****(c) Investments in subsidiaries**

Subsidiaries are all entities whose financial and operating policies the Company has the power to govern in order to gain future benefits from their activities generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Company controls another entity.

Investments in subsidiaries are initially recorded at cost of acquisition plus other expenditures directly attributable to the investments. Subsequently, the Board of Management reviews all outstanding investments to determine the amount of provision to recognise at the period end.

(d) Investments in other entities

Investments in other entities are investments in equity instruments of other entities without controlling rights or co-controlling rights, or without significant influence over the investee. These investments are accounted for initially at cost. Subsequently, the Board of Management reviews all outstanding investments to determine the amount of provision to recognise at the period end.

(e) Provision for investments in subsidiaries, associates and joint ventures, and other entities

Provision for investments in subsidiaries, associates and joint ventures, and other entities is made when there is a diminution in value of the investments at the period end.

Provision for investments in subsidiaries, associates and joint ventures is calculated based on the loss of investees.

Provision for investments in other entities is calculated based on market value if market value can be determined reliably. If market value cannot be determined reliably, the provision is calculated similarly to provision for investments in subsidiaries, associates and joint ventures.

Changes in the provision balance during the accounting period are recorded as an increase or decrease in financial expenses. A reversal, if any, is made only to the extent the investment is restored to its original cost.

**NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2025**

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.7 Investments (continued)

(f) Principles for determining the fair value of investments

The fair value of investments for presentation purposes is determined as follows:

- The fair value of investments in listed stocks is determined by referencing to the closing price (at the end of the accounting period or the date of the most recent transaction closest to the end of the accounting period) of the stocks of the company listed on the stock exchange;
- The fair value of investments trading on the Unlisted Public Company Market (UPCoM) is determined based on the average reference price over the 30 closest consecutive trading days prior to the end of the accounting period;
- The fair value of investments in unlisted stocks is chosen for presentation using the ownership ratio over the net assets of the invested entity, based on the latest financial statements the Company has obtained from the investees at the time of preparing the interim separate financial statements;
- The fair value of investments in unlisted bonds is determined by the principal amount as the coupon interest rate fluctuates according to market interest rate changes;
- The fair value of deposits at domestic joint-stock commercial banks and bonds is determined by the book value;
- The fair value of other investments lacking sufficient market information at the time of preparing the interim separate financial statements is determined by the book value of the investment.

2.8 Fixed assets

Tangible and intangible fixed assets

Fixed assets are stated at historical cost less accumulated depreciation or amortisation. Historical cost includes any expenditure that is directly attributable to the acquisition of the fixed assets bringing them to suitable condition for their intended use. Expenditure which is incurred subsequently and has resulted in an increase in the future economic benefits expected to be obtained from the use of fixed assets, can be capitalised as an additional historical cost. Otherwise, such expenditure is charged to the interim separate income statement when incurred in the accounting period.

Depreciation and amortisation

Tangible fixed assets are depreciated using the straight-line basis so as to write off the depreciable amount of the fixed assets over their estimated useful lives. Depreciable amount equals to the historical cost of fixed assets recorded in the interim separate financial statements minus (-) the estimated disposal value of such assets. The estimated useful lives of each asset class are as follows:

Buildings and structures	5 – 40 years
Motor vehicles	6 years
Office equipment	2 – 10 years
Others	3 – 5 years
Software	3 – 5 years

**NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.8 Fixed assets (continued)***Disposals*

Gains or losses on disposals are determined by comparing net disposal proceeds with the carrying amount of the fixed assets and are recognised as income or expense in the interim separate income statement.

2.9 Investment properties

The historical cost of an investment property represents the amount of cash or cash equivalents paid or the fair value of another consideration given to acquire the investment property at the time of its acquisition or completion of construction. Expenditure incurred subsequently which has resulted in an increase in the expected future economic benefits from the use of investment properties can be capitalised as an additional historical cost. Otherwise, such expenditure is charged to the interim separate income statement when incurred in the period.

Depreciation

Investment properties held for lease are depreciated on straight-line basis to write off the depreciable amount of the assets over their estimated useful lives. Depreciable amount equals to the historical cost of assets recorded in the financial statements minus (-) the estimated disposal value of such assets. The estimated useful lives of each asset class are as follows:

Plant and buildings	5 – 40 years
---------------------	--------------

Disposals

Gains or losses on disposals are determined by comparing net disposal proceeds with the carrying amount of investment properties and are recognised as income or expense in the interim separate income statement.

2.10 Prepaid expenses

Prepaid expenses include short-term and long-term prepayments on the interim separate balance sheet. Short-term prepaid expenses represent prepayments for services; or tools that do not meet the recognition criteria for fixed assets for a period not exceeding 12 months or a business cycle from the date of prepayment. Long-term prepaid expenses represent prepayments for services; or tools, which do not meet the recognition criteria for fixed assets for a period exceeding 12 months or more than one business cycle from the date of prepayment. Prepaid expenses are recorded at historical cost and allocated on a straight-line basis over their estimated useful lives.

**NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2025****3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.11 Payables**

Classifications of payables are based on their nature as follows:

- Trade accounts payable are trade payables arising from purchases of goods and services; and
- Other payables are non-trade payables and payables not relating to purchases of goods and services.

Payables are classified into short-term and long-term payables on the interim separate balance sheet based on the remaining period from the interim separate balance sheet date to the maturity date.

2.12 Borrowings

Borrowings include borrowings from banks.

Borrowings are classified into short-term and long-term borrowings on the interim separate balance sheet based on their remaining terms from the interim separate balance sheet date to the maturity date.

Borrowing costs that are directly attributable to the construction or production of any qualifying assets are capitalised during the period of time that is required to complete and prepare the asset for its intended use. In respect of general-purpose borrowing, a portion of which is used for the purpose of construction or production of any qualifying assets, the Company determines the amount of borrowing costs eligible for capitalisation by applying a capitalisation rate to the weighted average expenditure on the assets. The capitalisation rate is the weighted average of the interest rates applicable to the Company's borrowings that are outstanding during the accounting period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. Other borrowing costs are recognised in the interim separate income statement when incurred.

2.13 Accrued expenses

Accrued expenses include liabilities for goods and services received in the accounting period but not yet paid for, due to pending invoices or insufficient records and documents. Accrued expenses are recorded as expenses in the accounting period.

2.14 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated. Provision is not recognised for future operating losses.

Provisions are measured at the level of the expenditures expected to be required to settle the obligation. If the time value of money is material, provision will be measured at the present value using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as a financial expense. Changes in the provision balance during the accounting period are recorded as an increase or decrease in operating expenses.

**NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.15 Unearned revenue**

Unearned revenue mainly comprises the amounts that customers have paid in advance for one or many accounting periods, mainly including office rental service. The Company records unearned revenue for the future obligations that the Company has to fulfil. Unearned revenue is recognised as revenue in the interim separate income statement during the accounting period to the extent that revenue recognition criteria have been met.

2.16 Owners' capital

Owners' capital is recorded according to the actual amounts contributed at the par value of the shares.

Share premium is the difference between the par value and the issue price of shares and the difference between the repurchase price and re-issuing price of treasury shares.

Undistributed earnings record the Company's results (profit or loss) after corporate income tax at the reporting date.

2.17 Appropriation of profit

The Company's dividends are recognised as a liability in the Company's interim separate financial statements in the period in which the appropriation of profits is approved by the General Meeting of Shareholders.

Net profit after corporate income tax could be distributed to the shareholders after approved by the General Meeting of Shareholders, and after appropriation to other funds in accordance with the Company's charter and Vietnamese regulations.

The Company's funds are as below:

(a) Investment and development fund

The investment and development fund is appropriated from profit after corporate income tax of the Company and approved by shareholders in the General Meeting of shareholders. This fund is used for investing in expanding the scale of production, business or in-depth investment of the Company.

(b) Bonus and welfare fund

The bonus and welfare fund is appropriated from the Company's profit after corporate income tax and approved by shareholders in the General Meeting of shareholders. This fund is presented as a liability on the interim separate balance sheet. The fund is used to pay bonuses and provide welfare to the Company's employees according to the Company's bonus and welfare policy.

**NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.18 Revenue recognition****(a) Revenue from rendering of services**

Revenue from rendering of services is recognised in the interim separate income statement when the services are rendered, by reference to completion of the specific transaction assessed on the basis of the actual service provided as a proportion of the total services to be provided. Revenue from the rendering of services is only recognised when all four (4) of the following conditions are satisfied:

- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company;
- The percentage of completion of the transaction at the interim separate balance sheet date can be measured reliably; and
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

(b) Interest income

Interest income is recognised in the interim separate income statement on the basis of the actual time and interest rates for each period when both (2) of the following conditions are satisfied:

- It is probable that economic benefits associated with the transaction will flow to the Company; and
- Income can be measured reliably.

(c) Dividends, distributable profits income

Income from dividends, distributable profits is recognised in the interim separate income statement when both (2) of the following conditions are satisfied:

- It is probable that economic benefits associated with the transaction will flow to the Company; and
- Income can be measured reliably.

Income from dividends, distributable profits is recognised when the Company has established receiving rights from investees.

2.19 Cost of services rendered

Cost of services rendered are the cost of services rendered during the accounting period and recorded on the basis of matching with revenue and on a prudent basis.

2.20 Financial expenses

Financial expenses are expenses incurred in the accounting period for financial activities mainly including interest expense, and losses from foreign exchange differences.

2.21 General and administration expenses

General and administration expenses represent expenses that are incurred for the Company's administrative purposes.

**NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.22 Current and deferred income tax**

Income tax includes all income tax which is based on taxable profits. Income tax expense comprises current income tax expense and deferred income tax expense.

Current income tax is the amount of income taxes payable or recoverable in respect of the current period taxable profits at the current period tax rates. Current and deferred income tax are recognised as an income or an expense and included in the profit or loss of the period, except to the extent that the income tax arises from a transaction or event which is recognised, in the same or a different period, directly in equity.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the interim separate financial statements. Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of occurrence affects neither the accounting nor the taxable profit or loss. Deferred income tax is determined at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted by the interim separate balance sheet date.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

2.23 Related parties

Enterprises and individuals that directly, or indirectly through one or more intermediaries, control, or are controlled by, or are under common control with the Company, including holding companies, subsidiaries and fellow subsidiaries are related parties of the Company. Associates and individuals owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the Company, key management personnel, including the Board of Directors, the Board of Supervision, the Board of Management of the Company and close members of the family of these individuals and companies associated with these individuals also constitute related parties.

In considering its relationships with each related party, the Company considers the substance of the relationships, not merely the legal form.

2.24 Segment reporting

A segment is a component which can be separated by the Company engaged in sales of goods or rendering of services ("business segment"), or sales of goods or rendering of services within a particular economic environment ("geographical segment"). Each segment is subject to risks and returns that are different from those of other segments. The Board of Management of the Company has determined that the risks and profitability are primarily influenced by differences in the types of products and services the Company provides. As a result, the primary segment reporting of the Company is presented in respect of the Company's business segments.

**NOTES TO THE INTERIM SEPARATE FINANCIAL STATEMENTS
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2025**

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.25 Critical accounting estimates

The preparation of the interim separate financial statements in conformity with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on preparation and presentation of interim financial statements requires the Board of Management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the interim separate financial statements and the reported amounts of revenues and expenses during the accounting period.

The areas involving significant estimates and assumptions in interim separate financial statements are as follows:

- Provision for diminished investment (Note 2.7);
- Useful lives of fixed assets and investment properties (Notes 2.8 and 2.9); and
- Estimation of corporate income tax expenses (Note 2.22).

Such estimates and assumptions are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a material financial impact on the interim separate financial statements of the Company and that are assessed by the Board of Management to be reasonable under the circumstances.

<i>PVI Assets Management Joint Stock Company</i>	235,284,227	317,191,660

(*) Receivables from financial investments mainly consisted of interest accrued from bank deposits. Due to the nature of the Company's operations, the Company chose to record receivables from investment activities as part of the short-term trade accounts receivable.

As at 30 June 2025 and 31 December 2024, there were no third-party customers who had a balance accounting for 10% or more of the total balance of short-term trade accounts receivable.

As at 30 June 2025 and 31 December 2024, the balances of short-term trade accounts receivable which were overdue or not yet overdue but unlikely to be collected, amounted to VND 429,039,000.

6 OTHER SHORT-TERM RECEIVABLES

Net book value	
As at 1 January 2025	869,121,079,719
As at 30 June 2025	851,492,508,454

As at 30 June 2025, a part of the Company's tangible fixed assets and investment properties are used as collaterals for the Company's short-term borrowings (Note 15).

Historical cost of investment properties of the Company that were fully depreciated but still in use as at 30 June 2025 was VND 34,663,732,915 (as at 31 December 2024: VND 34,663,732,915).

The fair value of investment properties has not been assessed or determined as at 30 June 2025. However, based on the rental situation and market prices of these assets, the Board of Management believed that the fair value of the investment properties is greater than their carrying value as of the end of the accounting period.

Investment properties are recorded at book value.

Rental income and operating expenses (including repairs and maintenance) arising from investment properties related to rental income during the period are presented in Note 19 and Note 20.
