EVENTS AFTER THE REPORTING DATE

The Board of General Directors confirms that no significant events have occurred after the reporting that would materially affect the interim consolidated financial statements, or require adjustment or disclosure.

THE AUDITOR

The accompanying interim consolidated financial statements have been reviewed by UHY Auditing and Consulting Company Limited.

BOARD OF GENERAL DIRECTORS' STATEMENT OF RESPONSIBILITY

The Board of General Directors of the Company is responsible for preparing the interim consolidated financial statements which give a true and fair view of the Company's financial position as at 30 June 2025, as well as its interim consolidated results of operations and its interim consolidated cash flows for the period from 01 January 2025 to 30 June 2025, in accordance with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and related legal regulations on preparation and presentation of the interim consolidated financial statements. In preparing these interim consolidated financial statements, the Board of General Directors is required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgments and estimates that are reasonable and prudent;
- State whether applicable accounting principles have been followed, subject to any material departures disclosed and explained in the interim consolidated financial statements;

STATEMENT OF THE BOARD OF GENERAL DIRECTORS (CONT'D)

BOARD OF GENERAL DIRECTORS' STATEMENT OF RESPONSIBILITY (CONT'D)

- Prepare the interim consolidated financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.
- Design and implement an effective system of internal control for the purpose of fair preparation and presentation of the interim consolidated financial statements in order to limit risks and frauds.

The Board of General Directors confirms that the Company has complied with the above requirements in preparing and presenting the interim consolidated financial statements.

The Board of General Directors is responsible for ensuring that accounting records are properly kept, which disclose, with reasonable accuracy at any time, the consolidated financial position of the Company and to ensure that the interim consolidated financial statements comply with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and other related legal regulations on preparation and presentation of the interim consolidated financial statements. It is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of frauds and other irregularities.

OTHER COMMITMENTS

The Board of General Directors confirms that the Company has fully complied with its regulatory disclosure obligations as stipulated in Circular No. 96/2020/TT-BTC dated 16 November 2020 of the Ministry of Finance on disclosing information in the Securities Market, complying with the provisions of Decree No.155/2020/ND-CP dated 31 December 2020 issued by the Government, which provides detailed guidance on the implementation of specific provisions of the Securities Law and Circular No. 116/2020/TT-BTC dated 31 December 2020 issued by the Ministry of Finance, which specifies governance standards applicable to public companies under Decree No. 155/2020/ND-CP.

For and on behalf of the Board of General Directors,

Nguyen Hai Son
General Director

Hanoi, 22 August 2025

No: 942/2025/UHY-BCSX

**REPORT ON REVIEW OF
INTERIM FINANCIAL INFORMATION**

*On the interim consolidated financial statements of Song Da 9 Joint Stock Company
For the period from 01 January 2025 to 30 June 2025*

**To: The Shareholders
The Board of Management and Board of General Directors
Song Da 9 Joint Stock Company**

We have reviewed the accompanying interim consolidated financial statements of Song Da 9 Joint Stock Company (hereinafter referred to as the "Company") which were prepared on 22 August 2025, as set out on page 06 to 45, including: the interim consolidated balance sheet as at 30 June 2025, the interim consolidated income statement and interim consolidated cash flow statement for the period from 01 January 2025 to 30 June 2025 and the notes to the interim consolidated financial statements.

The Board of General Directors' responsibility

The Board of General Directors of the Company is responsible for preparing and presenting the interim consolidated financial statements to give in a true and fair view in conformity with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and related legal regulations on the preparation and presentation of the interim consolidated financial statements and for such internal control as the Board of General Directors determines is necessary to enable the preparation and presentation of the interim consolidated financial statements that are free from material misstatements, whether due to fraud or error.

The Auditors' responsibility

Our responsibility is to express a conclusion on these interim consolidated financial statements based on our review. We conducted our review in accordance with the Vietnamese Standard on Review Engagements No. 2410 - Review of interim financial information performed by the independent auditor of the entity.

A review of interim consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical procedures and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

INDEPENDENT AUDITORS' REPORT (CONT'D)

Conclusion of the Auditors

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim consolidated financial statements for the period from 01 January 2025 to 30 June 2025 do not give a true and fair view, in all material respects, of the interim financial position of Company as at 30 June 2025 and the interim results of its operations and its cash flows for the period from 01 January 2025 to 30 June 2025, in accordance with the Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and related legal regulations on the preparation and presentation of the interim consolidated financial statements.

Nguyen Minh Long

The accompanying interim consolidated financial statements are not intended to reflect the financial position, its results of operations, and its cash flows in accordance with generally accepted accounting principles and practices in countries other than Vietnam.

2.2 FINANCIAL YEAR

The financial year of the Company begins on 01 January and ends on 31 December of the calendar year. These interim consolidated financial statements was prepared for the period from 01 January 2025 to 30 June 2025.

2.3 STATEMENT OF COMPLIANCE WITH ACCOUNTING STANDARDS AND ACCOUNTING SYSTEM

The Company's interim consolidated financial statements are prepared and presented in compliance with the requirements of the Vietnamese Accounting Standards, the Vietnamese Corporate Accounting Systems, and related legal regulations on the preparation and presentation of interim consolidated financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted by the Company in the preparation of these interim consolidated financial statements are as follows:

3.1 BASIS OF CONSOLIDATION FINANCIAL STATEMENTS

The interim consolidated financial statements comprise the interim financial statements of the Company and its controlled companies (subsidiaries) prepared for the period from 01 January 2025 to 30 June 2025. This control is achieved when the Company has the ability to control the financial and operational policies of investee companies in order to obtain benefits from their operations.

The interim business performance of subsidiaries acquired or disposed during the period are presented in the interim consolidated income statement from the date of purchase or up to the date of disposal of the investment in such subsidiaries.

Where necessary, the interim financial statements of the subsidiaries are adjusted to ensure consistency with the accounting policies applied by the Company and its subsidiaries.

All accounting entries and balances between companies in the same group are eliminated when consolidating financial statements.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (CONT'D)*(These notes are an integral part of and should be read in conjunction with the accompanying interim consolidated financial statements)***3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****3.1 BASIS OF CONSOLIDATION FINANCIAL STATEMENTS (CONT'D)****Non-controlling shareholder interests**

Non-controlling shareholder interest in the net assets of the consolidated subsidiary are presented separately from the equity of the Company's shareholders. Non-controlling interests comprise the non-controlling shareholders' share of the fair value of the net assets at the acquisition date and their proportionate share of changes in equity since the acquisition date. Losses incurred at the subsidiary must be distributed in proportion to the non-controlling shareholder's share of ownership, even if such losses are greater than the non-controlling shareholder's share in the subsidiary's net assets.

Business combinations

Business combinations are accounted for using the acquisition method as of the acquisition date, which is the date on which control is transferred to the Company. Control exists when the Company has the power to govern the financial and operating policies of an entity to obtain economic benefits from its activities. In assessing control, the Company considers potential voting rights that are currently exercisable.

Under the acquisition method, the assets, liabilities, and contingent liabilities of the acquired company are measured at fair value as of the acquisition date. Any excess of the consideration transferred over the total fair value of the acquired assets is recognized as goodwill. Conversely, any deficiency between the consideration transferred and the total fair value of the acquired assets is recognized as a gain in profit or loss in the period in which the subsidiary acquisition occurs.

The non-controlling interest at the initial business combination date is determined based on the proportionate share of the non-controlling shareholders in the total fair value of the acquired assets, liabilities, and contingent liabilities.

3.2 FINANCIAL INSTRUMENTS

Circular No. 210/2009/TT-BTC dated 06 November 2009 of the Ministry of Finance guiding the application of International Accounting Standards on presentation of financial statements and disclosure of information for financial instruments has not been applied by the Company in the presentation of these financial statements.

3.3 ACCOUNTING ESTIMATES

The preparation of the interim consolidated financial statements in conformity with Vietnamese Accounting Standards requires the Board of General Directors to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the interim consolidated financial statements and the reported amounts of revenue and expenses during the financial year. Actual results could differ from those estimates.

3.4 FOREIGN CURRENCIES

Foreign currency transactions are converted at the exchange rates prevailing on the transaction dates. Monetary items denominated in foreign currencies at the end of the accounting period are converted at the exchange rates prevailing on that date.

Exchange differences arising during the period from foreign currency transactions are recognized in financial income or financial expenses. Exchange differences resulting from the revaluation of monetary items denominated in foreign currencies at the end of the accounting period, after offsetting exchange gains and losses, are recognized in financial income or financial expenses.

The exchange rate used to convert foreign currency transactions is the actual transaction rate at the transaction date. The actual transaction rate for foreign currency transactions is determined as follows:

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (CONT'D)*(These notes are an integral part of and should be read in conjunction with the accompanying interim consolidated financial statements)***3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****3.4 FOREIGN CURRENCIES (CONT'D)**

- For receivables: the buying rate of the commercial bank designated by the Company for the customer to make payment at the transaction date;
- For payables: the selling rate of the commercial bank at which the Company expects to conduct the transaction at the transaction date.

The exchange rate used to revalue monetary items denominated in foreign currencies at the end of the accounting period is determined based on the following principles;

- For foreign currencies deposited in banks: the buying rate of the bank where the Company maintains its foreign currency account;
- For monetary items denominated in foreign currencies classified as other assets: the buying rate of the bank with which the Company regularly conducts transactions;
- For monetary items denominated in foreign currencies classified as payables: the selling rate of the bank with which the Company regularly conducts transactions.

3.5 CASH AND CASH EQUIVALENTS

Cash includes cash at hand, non-term bank deposits and demand deposits. Cash equivalents are short-term investments with a redemption period or maturity of no more than three months from the date of purchase, are easily convertible into a specified amount of cash, and carry minimal risk of value fluctuation upon conversion.

3.6 FINANCIAL INVESTMENTS*Held-to-maturity investments*

Held-to-maturity investments include investments that the Company has the intention and ability to hold to maturity. Held-to-maturity investments include demand deposits.

Held-to-maturity investments are recognized from the purchase date and are initially measured at purchase price plus any transaction costs directly attributable to the acquisition of the investments. Interest income from held-to-maturity investments arising after the purchase date is recognised in the interim consolidated income statement on an accrual basis.

Investment in equity instruments of other entities

Investments in equity instruments of other entities include equity investments where the Company does not have control, joint control or significant influence over the investees.

Investments in equity instruments of another entity are initially recognized at cost, including purchase price or capital contribution plus costs directly associated with the investment. Dividends and profits for periods before the investment is purchased are written down from the value of the investment itself. Dividends and profits for subsequent periods are recognized as revenue. For dividends received in the form of shares, the Company can only follow up the number of additional shares and recognized at par value (except for state companies that comply with current provisions of law).

Provision for impairment of investments in equity instruments of other entities is set recognized at the time of preparing the interim financial statements when the investments show a decline in value compared to the original cost, the Company shall make provision as follows:

- For an investment in listed shares or an investment with a reliably determined fair value, the provision is recognized on the market value of the shares.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (CONT'D)*(These notes are an integral part of and should be read in conjunction with the accompanying interim consolidated financial statements)***3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****3.6 FINANCIAL INVESTMENTS (CONT'D)**

- For an investment whose fair value cannot be determined at the reporting date, the reserve shall be set aside equal to the difference between the actual capital contributed by all parties to that entity and the actual equity multiplied by the ratio of the Company's capital contribution compared to the total actual contributed capital of all parties in that entity.

Increases or decreases in provisions for impairment of investments in equity instruments of other entities, which need to be recognized as of the financial statement closing date are recorded in financial expenses.

3.7 RECEIVABLES

Accounts receivable are presented at carrying amount less provisions for doubtful debts. The classification of receivables is made according to the following principles:

- Trade receivable represent amounts receivable from customers arising from commercial transactions related to sales of goods or services between the Company and independent buyers.
- Other receivable reflect non-commercial receivables that are unrelated to purchase and sale transactions.

The provision for doubtful debts is made for overdue receivables according to economic contract, contractual commitment, or debt commitment, remain uncollected despite multiple demands. The overdue period of a receivable is determined based on the principal repayment period stated in the initial sale contract, regardless of any extension agreed upon by the parties; or for receivables that have not yet reached the due date but where the debtor is bankrupt, undergoing dissolution, disappearance, or fleeing, and being reversed when the debt is collected.

Increase or decrease in the provision for doubtful debts at the closing date of the interim financial statements is recorded as administrative expenses.

3.8 INVENTORIES

Inventories are measured at the lower of cost or net realizable value.

The cost of inventories at the Company and its subsidiaries is determined as follows:

- Raw materials, tools, equipment, and real estate inventories: includes purchase costs and other costs directly attributable to bringing inventory to its current location and state.
- Work in progress: includes material, labor and other directly related costs, measured for each project (PJ) or project component (PC) is determined as follows.

✓ For PJ and PC with revenue recognized for amount of work completed:

$$\text{Work in progress at end of period of each PJ/PC} = \frac{\text{Value of unfinished output at end of period of each PJ/PC}}{\text{}} \times (1 - \text{Rated interest rate})$$

In which: The rated profit rate determined by the Company is 10% (10% in the previous period). The output value of unfinished production at period-end is determined on the basis of the volume of unfinished output at the end of the period according to the inventory results.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (CONT'D)*(These notes are an integral part of and should be read in conjunction with the accompanying interim consolidated financial statements)***3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****3.8 INVENTORIES (CONT'D)**

✓ For PJ and PC without revenue recognized for amount of work completed:

$$\begin{array}{rcl} \text{Work in progress at end} & = & \text{Work in progress at start of} \\ \text{of period of each PJ/PC} & & \text{period of each PJ/PC} \end{array} + \begin{array}{l} \text{Production and business} \\ \text{expenses incurred in the} \\ \text{period of each PJ/PC} \end{array}$$

The issue price is calculated according to the weighted average method and are recorded under the perpetual inventory system.

Net realisable value is determined as the estimated selling price of inventory in the normal course of business, less estimated costs of completion and estimated selling expenses.

A provision for inventory devaluation is made for each inventory item where the cost exceeds its net realizable value. Increases or decreases in inventory discount provisions that need to be made at the end of the financial year are recognized in the cost of goods sold.

3.9 TANGIBLES FIXED ASSETS

Tangible fixed assets are recorded at historical cost and are reflected in the consolidated balance sheet as historical cost, accumulated depreciation and net carrying amount. The historical cost of tangible fixed assets include all the expenses the Company incurred to acquire these fixed assets until they are ready for use. Expenses incurred after initial recognition of tangible fixed assets are recorded as an increase in the historical cost of the asset when it is probable that these costs will increase future economic benefits. Expenses incurred which do not meet the above conditions will be recorded into expenses during the period.

Tangible fixed assets are depreciated by the straight-line method based on their estimated useful lives. Accounting entries for tangible fixed assets are classified in groups of assets with similar nature and purpose of use in production and business activities of the company. The specific depreciation period is as follows:

<i>Fixed assets</i>	<i>Useful lives (years)</i>
- Plant and buildings	15 - 40
- Machines and equipment	05 - 20
- Vehicles and transmission equipment	04 - 08
- Management equipment	03 - 05
- Other fixed assets	03 - 05

3.10 INTANGIBLE FIXED ASSETS

Intangible fixed assets are recognised at historical cost and are reflected in the balance sheet as historical cost, accumulated amortization and net carrying amount. Historical costs of intangible fixed assets include all the expenses the Company incurred to acquire these fixed assets until they are ready for use. Expenses related to intangible fixed assets incurred after initial recognition are recognized as operating expenses in the period unless these expenses are associated with a specific intangible fixed asset and increase economic benefits from these assets.

The Company's intangible fixed assets consist of land use rights.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (CONT'D)*(These notes are an integral part of and should be read in conjunction with the accompanying interim consolidated financial statements)***3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****3.10 INTANGIBLE FIXED ASSETS (CONT'D)*****Land use rights***

Land use rights represent all actual costs incurred by the Company directly related to the land in use, including payments for obtaining the land use rights, compensation and site clearance costs, land leveling costs, registration fees, and similar expenses, etc. Land use rights with indefinite terms are not subject to amortization.

3.11 CONSTRUCTION IN PROGRESS

Construction in progress of the Company comprises assets including equipment under procurement and installation which have not yet been put into use, and construction works in progress which have not yet been accepted and put into operation as at the date of closing the interim consolidated financial statements. These assets are recorded at historical cost. Historical cost includes: amounts payable for goods and services to contractors and suppliers, borrowing costs incurred during the investment period, and other reasonable costs directly attributable to the formation of the assets. These costs shall be transferred to the historical cost of fixed assets at a provisional value (if the final settlement has not yet been approved) when the assets are handed over and put into use.

3.12 PREPAID EXPENSES

Prepaid expenses comprise actual expenses incurred but related to the results of production and business activities of multiple accounting periods. Prepaid expenses include: tools and supplies issued for use pending allocation, repair expenses of fixed assets, prepaid land rental, business advantage, goodwill, establishment costs, and other prepaid expenses.

Tools and supplies: Tools and supplies put into use are allocated to expenses on a straight-line basis over a period not exceeding 36 months.

Fixed asset repair expenses: One-off fixed asset repair expenses of significant value are allocated to expenses on a straight-line basis over a period not exceeding 36 months

3.13 LIABILITIES AND ACCRUED EXPENSES

Liabilities and accrued expenses are recognized for amounts payable in the future relating to goods and services already received. Accrued expenses are recognized based on reasonable estimates of amounts payable.

The classification of payables into trade payables, accrued expenses, and other payables is made in accordance with the following principles:

- Trade payables include payables of a commercial nature arising from transactions for the purchase of goods, services, or assets, where the suppliers are independent entities from the Company, including payables between the parent company and subsidiaries;
- Accrued expenses reflect amounts payable for goods or services already received from suppliers or already delivered to customers but not yet paid due to the absence of invoices or insufficient accounting documents, and include discounts payable and amounts payable to employees.
- Other payables include non-commercial payables, unrelated to the purchase, sale and provision of goods and services.

Payables are tracked in detail by subject and term.

3.14 BORROWING AND FINANCE LEASE LIABILITIES

Borrowing and finance lease liabilities are recognized based on receipts, bank documents, loan agreements, and finance lease contracts. Loans and finance lease liabilities are tracked by subject, term, and original currency.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (CONT'D)*(These notes are an integral part of and should be read in conjunction with the accompanying interim consolidated financial statements)***3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****3.15 BORROWING COSTS**

Borrowing costs include interest expenses and other costs incurred directly in connection with borrowings.

Borrowing costs are recognized as production and business expenses in the period in which they are incurred, except where they are capitalized in accordance with the Accounting Standard "Borrowing Costs." Accordingly, borrowing costs directly attributable to the acquisition, construction, or production of assets that require a substantial period of time to get ready for their intended use or sale are capitalized into the cost of such assets until the assets are ready for use or sale. Any income earned from the temporary investment of specific borrowings is deducted from the cost of the related asset. For specific borrowings used to construct fixed assets or investment properties, interest costs are capitalized even when the construction period is less than 12 months.

For general borrowings used partly for the acquisition, construction, or production of qualifying assets in progress, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the weighted average of the accumulated expenditures on the asset. The capitalization rate is the weighted average interest rate of all outstanding borrowings during the period, other than specific borrowings made for the purpose of acquiring a particular asset.

3.16 UNEARNED REVENUE

Unearned revenue comprises advance receipts: Amounts received in advance from customers for one or more accounting periods relating to asset leasing. The Company recognizes these amounts as obligations to be fulfilled in the future.

Method of allocation of unearned revenue: Allocated on a straight-line basis over the period as stipulated.

3.17 OWNER'S EQUITY

Owner's equity is recognized based on the actual capital contributed by the shareholders.

Share premium is recognised as the difference between the issuance price and the par value of shares in initial public offerings, additional issuances, the difference between the re-issuance price and the book value of treasury shares, and the equity component of convertible bonds upon maturity. Direct costs related to additional share issuances and the re-issuance of treasury shares are deducted from share premium.

Other capital is formed from the addition of business operation results, revaluation of assets, and the remaining value between the fair value of donated, gifted, or sponsored assets after deducting payable taxes (if any) related to these assets.

3.18 PROFIT DISTRIBUTION

Profit after corporate income tax is distributed to shareholders after appropriations to funds in accordance with the Company's Charter, statutory requirements, and approval by the General Meeting of Shareholders.

The distribution of profits to shareholders takes into account non-monetary items included in undistributed profit after tax that may affect cash flow and the dividend-paying capacity such as gain from the revaluation of assets used for capital contribution, or revaluation of monetary items and other non-monetary financial instruments.

Dividends are recognized as a liability when approved by the General Meeting of Shareholders.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (CONT'D)*(These notes are an integral part of and should be read in conjunction with the accompanying interim consolidated financial statements)***3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****3.19 REVENUE RECOGNITION***Revenue from selling products and goods*

Revenue from the sale of goods and finished products is recognized when all five (5) of the following conditions are satisfied simultaneously:

- The Company has transferred substantially all the risks and rewards of ownership of the products or goods to the purchaser;
- The Company no longer holds management right on goods, products as the goods and product owner or control right on goods;
- The revenue can be measured reliably. When contracts define that buyers are entitled to return products, goods purchased under specific conditions, revenue are recognized only when such specific conditions no longer exist and buyers are not entitled to return products, goods (except the case that buyers are entitled to return goods, products in the form of exchange for other goods, services);
- The Company has received or shall receive economic benefits from transactions of selling goods; and
- Costs related to the transaction of selling goods can be determined.

Revenue from rendering of services

Revenue from service transaction is recognized when the outcome of the transaction can be measured reliably. In case the service provision extends over multiple periods, revenue is recognized in the period based on the completion status at the interim financial reporting date. Revenue from service transactions is determined when all of the four (4) following conditions are satisfied:

- Revenue can be measured reliably. If contracts allow buyers to return services under certain conditions, revenue is recognized only when those conditions no longer exist and the buyers can no longer return services;
- It is probable that the economic benefits associated with the service transaction will flow to the Company;
- The stage of completion of transaction at the end of reporting period can be measured reliably; and
- The costs incurred for the transaction and the costs to complete it can be measured reliably.

Revenue from construction contract

When the outcome of a contract can be estimated reliably:

- For construction contracts that stipulate that the contractor is paid according to the planned progress, revenue and costs related to the contract are recorded corresponding to the portion of work completed as determined by the Company at the closing date of the financial statements.
- For construction contracts that stipulate that the contractor is paid according to the value of the quantity performed, revenue and costs related to the contract are recorded corresponding to the portion of work completed as confirmed by the customer and reflected on the issued invoice.

Increases and decreases in construction and installation volume, compensation and other revenues are only recorded as revenue when agreed with the customer.

When the outcome of a construction contract cannot be estimated reliably:

- Revenue is only recognized to the extent of contract costs incurred for which recovery is reasonably certain.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (CONT'D)*(These notes are an integral part of and should be read in conjunction with the accompanying interim consolidated financial statements)***3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****3.19 REVENUE RECOGNITION (CONT'D)**

- Contract costs are only recognized as expenses when incurred.

The difference between the cumulative revenue recognized from the construction contract and the cumulative amount billed according to the planned payment schedule is recorded as contract receivables or contract payables, in accordance with the progress of the construction contracts.

Revenue from sales of electricity

Sales of finished electricity product are recognized monthly based on the Electricity Output Confirmation Report, which confirms the volume of electricity supplied to the national grid as verified by Northern Power Corporation. The unit price is determined according to the contract and any signed contractual appendices.

Revenue from operating leases

Revenue from operating leases is recognized on a straight-line basis over the lease term. Advance lease payments covering multiple periods are allocated to revenue in accordance with the lease duration.

Financial income

Interest from long-term investments is accrued and the right to receive interest from the investee companies is recognized.

Interest from bank deposits is recognised based on periodic bank statements, while interest from loans is recognised on an accrual basis, using the actual interest rate applicable for each period.

Dividends and distributed profits

Dividends and distributed profits are recognized when the Company obtains the right to receive them from its capital contributions. Dividends received in the form of shares are tracked solely by the number of additional shares, and are not recognised at fair value.

3.20 FINANCIAL EXPENSES

Financial expenses recognized in the consolidated income statement are the total financial expenses incurred during the period, not offset against financial income, including exchange rate differences and others financial expenses.

3.21 TAXES AND OTHER PAYABLES TO THE STATE BUDGETValue-added tax (VAT)

The Company implemented the declaration, calculation of VAT in conformity with guidance of the applicable law.

Corporate income tax

Corporate income tax (if any) represents the total value of the current tax payable and the deferred tax amount.

Current tax payable is the tax amount computed based on taxable income for the period. Taxable income differs from net profit presented in the income statement as it excludes income and expenses that are taxable or deductible in different periods (including carried-forward losses, if any) and it also excludes non-taxable income and non-deductible expenses.

Income from the Pake Hydropower Project is exempt from tax for 04 years (from 2021 to 2024) and its tax payable is reduced by 50% in the next 09 years (from 2025 to 2033) from the time the project has taxable income; it is subject to the corporate income tax rate of 10% for 15 years from the time the project generates revenue (from 2021 to 2035).

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (CONT'D)

(These notes are an integral part of and should be read in conjunction with the accompanying interim consolidated financial statements)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.21 TAXES AND OTHER PAYABLES TO THE STATE BUDGET (CONT'D)

Income from other hydropower plants and other activities is subject to corporate income tax at a tax rate of 20%.

The determination of corporate income tax payable by the Company and its subsidiaries is based on current tax regulations. However, these regulations change from time to time, and tax regulations for different types of transactions can be interpreted in different ways. Therefore, the tax amount presented on the consolidated financial statements may change when inspected by tax authorities.

Other taxes

The Company and its subsidiaries are required to pay natural resource tax on the exploitation of natural water used for hydropower production, with the taxable price based on the retail electricity price as follows: from 01 January 2024 to 24h on 09 May 2025 was VND 2,103.1159/Kwh according to Decision No. 2699/QD-BCT dated 11 October 2024, from 0h on 10 May 2025 to 30 June 2025 was VND 2,204.0655/kwh according to Decision No. 1279/QD-BCT dated 09 May 2025 of the Ministry of Industry and Trade and the tax rate is 5%.

The Company must pay the grant of water resource exploitation rights upon notice from the tax authority annually.

Land and housing tax paid according to the tax authority's notification

Other taxes and fees are declared and paid to local tax authorities in accordance with current tax laws in Vietnam.

3.22 RELATED PARTIES

Entities and individuals are considered related parties when one party has the ability to control or significantly influence the other party in making financial and operational policy decisions. Related parties include:

- Enterprises have the right to control or are directly or indirectly controlled by one or more intermediaries, or are under common control with Company, including the parent company, subsidiaries of the Group, joint ventures, jointly controlled entities, and affiliates.
- Individuals who directly or indirectly hold voting right in the Company that give them significant influence over the Company, including key management personnel who have the authority and responsibility for planning, directing, and controlling the Company's activities, including close family members of such individual.
- Enterprises owned by aforementioned individuals, having direct or indirect voting rights or having a significant influence over the Company.

In considering the relationship of related parties, the Company should consider the nature and not just the legal form of the relationship. Accordingly, related party transactions and balances with related parties are disclosed in the notes below.

(1) Loan from Joint Stock Commercial Bank for Investment and Development of Vietnam - Ha Dong Branch under the Credit Limit Contract No. 01/2024/209/HDTĐ dated 12 December 2024, with specific terms as follows:

- The credit limit: VND 360,000,000,000
- The purpose of borrowing is to supplement working capital, guarantee, open L/C.
- Limit grant term: 12 months from the date of signing the limit contract.
- The interest rate shall be determined in each specific credit contract according to the interest rate regime of the Bank in each period.
- The security measure is recorded and implemented in accordance with the Mortgage / Deposit Guarantee Contracts.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (CONT'D)*(These notes are an integral part of and should be read in conjunction with the accompanying interim consolidated financial statements)***18. BORROWING AND FINANCE LEASE LIABILITIES (CONT'D)**

- (2) Loan from Joint Stock Commercial Bank for Investment and Development of Vietnam - Ha Dong Branch under Contract No. 01/2023/209/HDTD dated 28 December 2023, with specific terms as follows:
- The credit limit: VND 519,705 million
 - The purpose of the loan is to restructure the investment loan for the Pake Hydropower Plant project.
 - Term loan interest rate is the postpaid 12-month working capital deposit rate at the time of adjustment + margin.
 - Collateral is property formed from borrowed capital.
- (3) Loan from Prosperity and Growth Commercial Joint Stock Bank - Hanoi Branch under the Credit Limit Contract No. 106.1607/2019/HDHM-PN/PGBHN dated 07 November 2019, with specific terms as follows:
- The purpose of borrowing is to supplement working capital, issue, guarantee.
 - Loan term: 9 months from the day following the first disbursement date.
 - The loan was restructured under an agreement dated 25 February 2022, whereby the loan was extended until 31 December 2026. The loan has floating interest rates across each period.
 - Security measures: The right to collect debts formed in the future not subject to dispute.
- (4) Loan from Vietnam Joint Stock Bank for Industry and Trade - Ha Giang Branch under the Credit Limit Contract No. 02/2025-HDCVHM/NHCT195-NAMMU 10,000 million dated 09 April 2025, with specific terms as follows:
- The credit limit: VND 10,000,000,000
 - Credit facility term: The credit limit is maintained from 09 April 2025 to the end of 09 April 2026;
 - Purpose of loan: To finance the Company's business operations;
 - Loan term: The term of each Loan is calculated from the day following the date on which the Lender disburses the Loan until the date on which the Borrower is required to repay the entire principal and interest. The term of each Loan shall be stated in the Debt Acknowledgment Note but shall not exceed twelve (12) months;
 - Loan interest rate: The interest rate shall be specified in the Debt Acknowledgment Note and shall apply from the disbursement date until any interest rate adjustment in accordance with the Lender's principles;
 - Security: Secured by assets in accordance with the form and value of the collateral as committed under Guarantee Agreements/Security Contracts entered into by the Borrower and/or other organizations/individuals with the Lender and/or other security measures ("Security Contracts"), established prior to, concurrently with, and/or after the execution of this Contract.

Basic earnings per share (VND/share)	517	595

34. DILUTED EARNINGS PER SHARE

The Board of General Directors of the Company assesses that in the coming period, there will be no impact of instruments that can be converted into shares that dilute the value of shares, so diluted earnings per share are equal to basic earnings per share.

35. SEGMENT REPORTS

A reportable segment is a distinct business unit within the Company that engages in the production or provision of individual products or services, a group of related products or services (business segment), or operates within a specific economic environment (geographical segment) where the segment is exposed to risks and economic benefits that differ from those of other business segments. The Company has chosen business segments as its primary reportable segments, while geographical segments are considered secondary reportable segments.

A business segment is a distinct unit within the Company that engages in the production or provision of specific products or services, or a group of related products or services, where the segment's risks and economic benefits differ from those of other business units. Accordingly, the Company's business activities include:

- Industrial production: Electricity generation.
- Construction: Infrastructure and building construction.
- Service: Provision of office rental and other services.
